

Classes and delivery of services will remain open with delivery models adjusted to each response level.

Actions steps for each level of the PRS:

Our 'New Normal' enhanced cleaning procedures

Application of basic public health fundamentals including when to stay home, hand washing, masks, physical distancing

Extra sanitation of studio space in addition to enhanced cleaning procedures

Communication to the affected class about the 'Yellow/Caution' status of the class will be made by both email and as a post in our Virtual Lobby

The individual that is showing symptoms will participate in class(es) from home through Zoom (if well enough). Also, the class(es) will be recorded so the individual can do the class when they are feeling better.

Extra sanitation of studio space in addition to enhanced cleaning procedures

Communication to the affected class about the 'Red/Critical' status of the class will be by both email and as a post in our Virtual Lobby

All students and staff in the affected class (ONLY) will participate in class(es) from home through Zoom (if well enough) for 14 days from the date of last exposure to the positive case. The class(es) will also be recorded so the students & staff can participate in the class when they are feeling better.

Dance Your Way allows parents to have CHOICE in their program delivery. If for ANY reason you would be more comfortable to have your child participate online, **no problem!** After all, childhood is short, and we want to support your ability to provide yours with the full experience they deserve. Even if your choice changes week to week – its ok! That's just life in the 'new normal'. We got you!
