

COVID-19 SAFETY PROTOCOLS

CUSTOMER COMMITMENT

- Families agree to not allow symptomatic students and family members to physically attend the studio until they are symptom-free and fever-free for 24 hours without the use of fever-reducing medication or have been released from quarantine/isolation.
- Families agree that students and family members will not attend the studio after returning from travel, including travel within Canada for 14 days after returning to Manitoba. Students agree not to attend the studio for 14 days after being in close contact with someone who has traveled outside of Manitoba.
- Families agree that students and family members will respect physical distancing strategies in place for all Manitobans from the provincial government, including:

Avoiding greetings that involve touching such as handshakes;

Disinfecting frequently used surfaces;

Following public health advice related to self-monitoring and self-isolation if you have traveled or have been exposed to someone ill with the virus;

Considering avoiding travel, crowded places, and events (public & private), especially if you are at higher risk;

Wash your hands frequently;

Maintain a distance of about 2 meters from others.

Families agree to consider the following self-assessment questions prior to entering the studio at any time:

1. Do you or the person you are inquiring about have any of the following symptoms: severe difficulty breathing (e.g., struggling for each breath, speaking in single words), chest pain, confusion, extreme drowsiness or loss of consciousness?
2. Do you or the person you are inquiring about have shortness of breath at rest or difficulty breathing when lying down?
3. Do you have a new onset of any of the following symptoms: fever/chills, cough, sore throat/hoarse voice, shortness of breath, loss of taste or smell, vomiting, or diarrhea for more than 24 hours and if the patient is an infant, poor feeding and lethargy?
4. Do you have a new onset of 2 or more of any of the following symptoms: runny nose, muscle aches, fatigue, conjunctivitis (pink eye), headache, skin rash of unknown cause or nausea or loss of appetite?
5. Have you been in contact in the last 14 days with someone that is confirmed to have COVID-19?
6. Have you had laboratory exposure while working directly with specimens known to contain COVID-19?
7. Have you been in a setting in the last 14 days that has been identified by public health as a risk for acquiring COVID-19, such as on a flight, in a workplace with a cluster of cases, or at an event?
8. Have you traveled outside of Manitoba in the last 14 days, excluding personal travel to border communities?

(Note that workers who routinely travel inter-provincially for work and those involved in commercial transportation of goods and services are excluded)

Families, students, and employees agree to not attend the studio in person if they have answered yes to any of the above questions at any time.

If you develop symptoms of COVID-19 as listed in this screening tool, you should be tested. For the testing site nearest you, please visit gov.mb.ca/covid19/locations.html.

Anyone who has symptoms of COVID-19 should self-isolate from the day the symptoms started till they no longer have a fever and the other symptoms are gone, with a minimum isolation period of 14 days (2 weeks). This means staying home and keeping away from others.
