OUR STORY

Our mission is to develop individuals and their sense of confidence through achievements in dance & performing arts, and we have an amazing team of professionals who love sharing their passion with our students.

We envisioned a studio with a unique environment and that's what led us to start Encore Studios. Warm & welcoming, we created a space where everyone can reap the benefits of dance regardless of age/talent/body shape.

Dance creates the leaders of tomorrow, but it also helps a child's ability to overcome anxiety, build valuable life skills, and brings people together to form incredible bonds of friendship. We are more than a dance studio - we are a community and a family.

OUR VALUES

Our values lead us in every thing that we do...

WELCOMING - We greet you with a smile.

INCLUSIVE - Every size, shape, and body is welcome here.

SUPPORTIVE - We support every dancer regardless of circumstances, strengths, & challenges.

FRIENDLY - Our studio culture promotes kindness & friendship.
