

# ATTIC RESTORATION AND INSULATION PROCESS

---

## FREE INSPECTION

We'll do a free inspection to determine your insulation needs.

1

2

## TREATMENT PLAN

After evaluating your property, we'll determine the best treatment plan for your unique needs and provide a quote.

## SERVICE

We will remove damaged insulation before disinfection of the area and installation of new high-quality insulation.

3

4

## FOLLOW UP

If you have any issues, our team will follow up to address any wildlife concerns for the next year, 3 years, or 5 years dependent on your warranty.
