
Fall is right around the corner...

*"August Rain: The best of summer gone, and the new fall not yet born.
The odd uneven time." Sylvia Plath*

This summer has been fast-paced at Bell Solutions - filled with reviews and audits, technology advancements and, of course, keeping up with the slew of local, State and Federal labor and tax regulations. Including changes for some employers starting as soon as September 2025.

So, while the quarterly audit processes for your small business are coming to a close, "mid-year" efforts will continue over the next few weeks as we implement time-sensitive changes and prepare for Fall meetings.

Right around the corner!
