

ROBLE VENTURES™
INVESTING IN HUMAN ENABLEMENT

It's been a big inaugural year for Roble Ventures.
Here's our year in review:

10 new investments
3 up rounds
1 multibillion dollar IPO

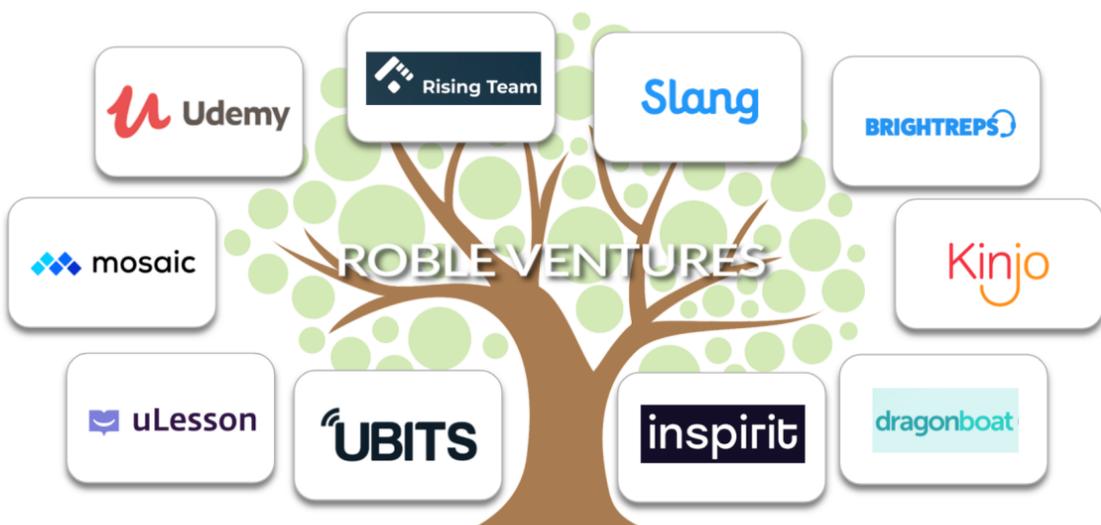

2 new hires
20+ press features
40+ limited partners

We worked with amazing limited partners and co-investors

We invested in incredible companies across three themes: workplace transparency, skills development platforms, and job creation marketplaces:

“ Sergio is the first person I call for advice. He is a true partner with a relevant network and invaluable insights.

Becky Flint
CEO/Founder, Dragonboat

” Sergio is such a valuable investor and advisor that we invited him to be on our board and invest more.

Julian Melo,
CEO/Co-Founder, UBITS
