The use of this permit is subject to the regulations and ordinances of Lincoln County and the State of Idaho. Once you receive a signed permit and approved plans, you are authorized to build, modify, construct, or perform other work on the described property exactly as outlined in the approved plans. The property owner, for whom this permit is issued, hereby agrees to necessary inspections by all inspectors or deputies authorized under this permit. Any modifications to the approved plans during construction must be submitted for additional review and approval.
