Application of this permit is subject to the regulations and ordinances of Lincoln County and the State of Idaho. Upon receiving a SIGNED permit, you will be granted permission to build, alter, construct, or other on the property described and in the exact manner described in the approved plans. The owner of the property, for which this permit is granted, hereby consents to the necessary inspections by all inspectors or deputies as authorized by this permit. Any changes to the approved plans during the building process must be submitted for additional review and approval.
