Our Organisation

The Māori Sports and Cultural Association (MSCA) is a not-for-profit organisation, providing sporting and cultural pathways for Māori across NSW.

Formed from the desire to promote cultural pride, sportsmanship, and personal growth amongst our members. By engaging Māori in sports and culture, we strive to instill essential values such as teamwork, discipline, and resilience while cultivating a strong sense of identity and heritage.

We are an involved community of 26 coaches and managers and a growing number parent helpers

150+ registered players from all over NSW

The Sporting and Cultural teams which comprise MSCA (at this stage) are:

- NSW Māori Senior Men and Women Rugby Union
- NSW Māori Boys and Girls Rugby Union

Into The Future

As we continue to build, we are also focussing on bringing additional sporting and cultural focussed groups to MSCA. This will assist our people in building a stronger community focussed Association.

MSCA's mission is it to inspire and empower Māori through the spirit of whanaungatanga (kinship) and manaakitanga (hospitality).

MSCA is dedicated to fostering a supportive and inclusive environment where every member can develop skills, cultivate resilience, and embrace their cultural identity. Through the values of teamwork, integrity, and excellence, we strive to nurture the holistic growth of our people, instilling pride in their Māori heritage and building for their future success.

The Māori sporting and cultural groups that fall under the umbrella of MSCA are extremely successful and well-run representative groups providing a clear pathway to representative sports. However, as you would understand as an amateur sporting and cultural organisation we are trying as best we can to keep the costs of our endeavours as low as possible. As such we are looking to increase our ability to provide quality programs (& returns) to our members and as such a strategic partnership with your business we believe is the best way forward for our community.

Our Sponsorship Philosophy

The sponsorship programme of MSCA is defined by the following principles:

Sponsors are legitimate and valued members of MSCA and the wider community

Sponsorship exists to provide funds for the genuine betterment of the quality of the sporting and cultural experience experienced by the stakeholders of the MSCA

Sponsorship exists to provide funds for the legitimate activities and stated goals of MSCA

Sponsorship is a relationship where by MSCA has stated requirements and obligations to the sponsor which must be fulfilled

As a rule MSCA will limit the number of sponsors in an effort to provide the most efficient service and quality of return to the sponsor

In return for their sponsorship of MSCA a sponsor can rightly expect the negotiated conditions of the sponsorship to be completed in a timely and efficient manner.
