## The Firm

*Steven and Associates Law Firm is an offshore law firm based in the Cybercity of Mauritius, recognised throughout the business community for its commercial awareness and commitment to its clients.*

*We have developed a cutting-edge vision for meeting our clients' business needs while exceeding their expectations. And we do this with an uncompromising commitment to client service and legal excellence. Each of our lawyers is a multi-specialist rather than a technician, equipped to turn their hand to a broad range of legal matters. This enables us to offer not only depth of expertise but also breadth of experience and sound commercial judgement.*

*We provide a cross-jurisdictional legal service that reflects what 'global' means for our clients. We drive change as much as we keep up with it, help form new strategies as much as we adapt to them, and realise and develop commercial opportunities as well as assess risk. Our unique approach to being an offshore law firm gives us the ability to lead unified, hand-picked teams of the best lawyers around the world. Every situation and every transaction is unique and our international model gives us the clarity to see clients' challenges in their full global and local context.*
