

Have You Heard?

Costco Wholesale is planning to build an oversized membership-only warehouse store directly next to our neighborhood.

The new Costco will be 40 feet high, nearly 4 acres in size, and will add 300 new surface and rooftop parking spaces. It will serve 6,500 customers a day who will access the store through our neighborhood via Graves Ave.

Costco will be open 7 days a week, with operations from 2am – 9pm every day, including 10 semi-trailers coming

and going every day between 2am – 1pm, plus untold numbers of same-day delivery drivers.

Costco will demolish many existing businesses to make way for the warehouse: Smart & Final, Sutter Health, Domino's Pizza, Bikram Yoga, Ethan Allen, Goodwill, the UPS Store and more.

We are a group of your neighbors who oppose this project. We are concerned about issues including noise, traffic and safety.

Of course we want business to thrive at Westgate West – that's good for the neighborhood and good for the city. We want businesses on scale for this neighborhood, not an oversized private warehouse club crammed into an undersized site.

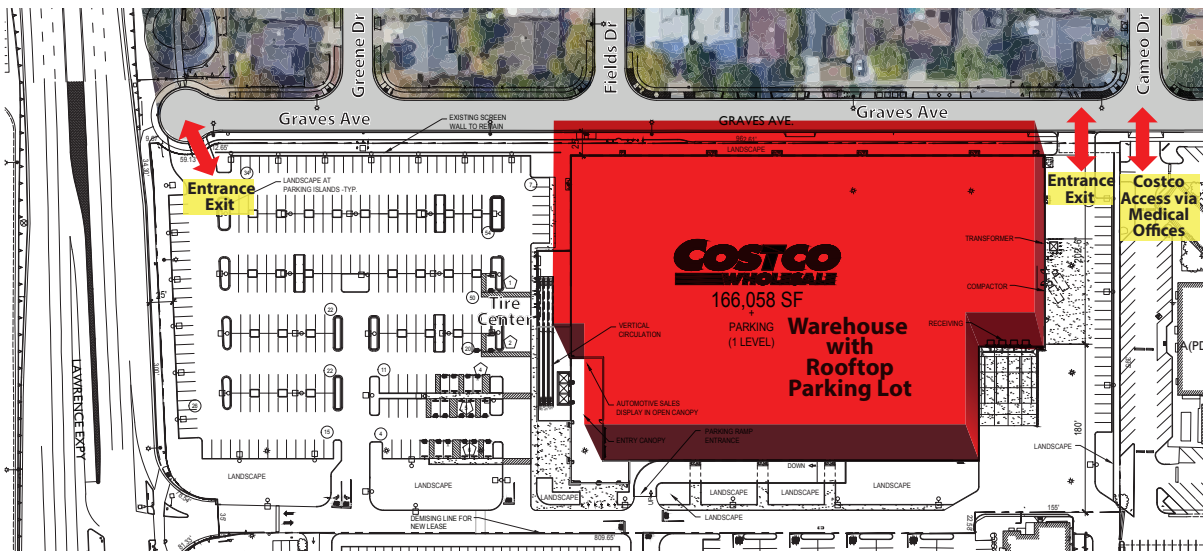

We need your help to get the word out, to tell your concerns to San Jose city planners and leaders, and to make sure our neighborhood and streets don't become a noisy traffic zone and parking lot.

What Can You Do?
