

Graywater Design and Installation Course

Sponsored by
City of Grand Junction

Earn a Certificate of Completion from Red Rocks Community College

Class Description:

Professional Installers are invited to attend a one-day, no-cost Graywater Design and Installation class. Learn about the basics of installing a Laundry-to-Landscape (L2L) graywater system in Colorado, and review how to design, install, and maintain a graywater system.

Class Overview:

- Water sources
- Soils
- Graywater systems
- Collection plumbing
- Field sizing
- Landscape and toilet distribution
- Advancement of graywater systems
- Codes and permitting (Grand Junction)

Details:

Friday, March 6, 2026
