

HOUSING FOR TARBERT

Tarbert has for many years suffered a shortage of appropriate social, shared ownership and affordable housing and even more so in recent years.

On the outskirts of Tarbert there is an area (part of Escart Farm) which has been designated for housing on Argyll & Bute Council's local development plan. Please see map below, section marked H-AL-13/2.

We propose we use the Community Right to Buy which is embodied in the Scottish Land Reform Act 2003 Act for the community of Tarbert to try to buy the land marked H-AL-13/2 on the map. This can be funded up to 95% by the Scottish Government through there Scottish Land Fund. If we are successful in this application we would look to work with a local housing association to see the development of social, shared ownership and affordable housing to benefit the community of Tarbert.

WE NEED YOU

To set this process in motion we need to show support for this within Tarbert with a SURVEY.

Want to support this enterprise?

Please sign the attached form giving your full address in Tarbert and postcode. Make sure you also meet the following criteria:

- A resident in the PA29 Area
- Registered to vote in the PA29 Area

This is just the start of a long process but if we can initially garner at least 10 % of the population of Tarbert signatures, we can hopefully move this on to the next stage.

WE THANK YOU FOR YOUR SUPPORT.
