

PICNICS with a PUP

2020

SUMMARY

In 2020 we touched the lives of the children who had been isolated due to the pandemic with our new porch visits.

VISITS:

Therapy dogs Winston and Sally helped deliver \$5,000 worth of hope inspired toys, books, blankets, and games.

HELPED SUPPORT 4 PARTNERING AGENCIES

Children's Hospital // Crescent Cove
Hope For Kids // MN Teen Challenge

OUR KIDS:

We've visited a wide spectrum of children all with unique needs but all who share the same love we have for animals. We've learned about the unique challenges from various forms of cancer to are disorders. PWAP has been a bright spot for these kids and their families.

DONATIONS:

The United States Marine Corp has stepped up to the challenge again and honored our toy request. We received 40 toys from them to help support our mission.

2020 ACCOMPLISHMENTS:

We gave more in 2020 than we received in monetary donations and revenue from our fundraisers!

IN 2020 WE RAISED \$3,000 BUT DELIVERED \$5,000 WORTH OF TOYS!

BOARD ROLE CHANGES:

MARISSA CUSUMANO joined the board as an at large member in November 2020. Marissa has had a 10+ years of journalism and news director experience.

JULIE POWELL joined in November and voted her in as Vice President. Julie has been partnering with us since our inception with her and her dog Winston. Julie and Winston have a love and passion for therapy work.

We voted in incumbent member Kerry Bonin as Board Secretary and Liz Swanson as Board President.

HOW YOU CAN HELP

PARTNER

We are always looking for new partnering opportunities to aid in our fundraising efforts.

VOLUNTEER

Work on special committee assignments or become a board member.

THERAPY DOG

We are always looking for new therapy animal partners! Have a pup that is licensed and wants to start visiting?

ANY IDEAS?

We pride ourselves in community partnerships. Do you live/work in the metro area and have a unique partnering idea?
