Bob Slater This would be fine if they were a Kuwait 4-H club, but they are an American 4-H Club. If they were going home to spread the concept of 4-H in the Middle East, this would be fine, but here, NO!! This is another example of University Political Correc... [See More](#)

 @Iowa4Hleader Next time you have a meeting with the leaders around the state? I'll be coming, just to hear the crap I'm being told.

 @dsellersIA @Iowa4Hleader HA!!!
 What a load! Mr. Cardenas is telling 4H leaders to only choose Hispanic children for programs.

 @iowa4h @Iowa4Hleader This immigrant is completely out of touch with what 4H is about. He discriminates and doesn't understand demographics

I just want to say thank you. Last year I was humiliated and kicked out of 4-H by one of the volunteers for being gay. My parents went to the Director in the county extension office who shouted at them for not raising a "normal" kid and that I should suck it up and get over it. I had promised to never come back to 4-H but if this policy passes I will join my senior year. Thank you

Open door for rapist and pedophiles.

Truthful biology. Homosexuality is a Psycho sexual malady which prevents natural inclinations for procreation. It is a form of cultural suicide taken to its extreme conclusion. \$H is about husbandry of natural procreative results. There is absolutely no credible evidence Homosexuality exists except in humans who can choose their sex partners and preferences.

This policy only addresses those with deviant sexual expression. What about the protections for children from sexual predators; adults or "children"?

If I have a male pig, can I enter it into the breeding guilt competition?!?!?

"Transgender" conditioning is "child abuse".

I am a lesbian 4-her. I have not told my club because it does not feel safe. The leader uses words like sissy and fag all the time. This policy made me feel welcome

Setting your self up for Major Problems, Pedophiles come join 4H
