

Welcome to our prep service:

We have teamed up with BLUE 30 to help you make your business more passive. Our prep service is one of the UK's leading prep services in the UK. With that being said, we also offer some of the cheapest rates in the market.

When onboarding, simply use the code SELLERSYNC in the referral section so our prep team knows you have come from us; this way, we can honour the prices below.

Please see below:

Why us?

When becoming a member of our prepping system, we offer you rates and efficiency like no other. We urge you to shop around and you will find that no one can offer the same pricing and standard as ourselves. Please see our key benefits below:

- One of the UK's leading prep centres.
- Excellent communication with near live time messaging to our dedicated admin team.
- Full in-house warehouse management system (WMS) in place to full track products within our warehouse.
- Full 2D barcode scanning on all outbound shipments
- Cost effective shipping. Each product is weighed on inbound which is inputted into our system that calculates the most cost-effective shipping method into Amazon.
- We can handle Amazon removals and provide a full grading service.
- We operate Monday to Saturday.
- Inbound damages and discrepancy notifications (including evidence).
- 40-day credit limit. Invoiced monthly from the start to the end of each month. Free storage for the first 30 days.
