Hotel Price List & Policies

General Policies

- Please note that when visiting your hotel room, I **require that the indoor temperature not exceed 73° F** due to a health condition that makes it difficult for me to regulate my body temperature.
- Unfortunately, I am unable to service **Vrbos, Airbnbs, etc.** as they usually have access restrictions and/or policies limiting additional guests.
- My regular **Service Area** includes north and central Orange County which includes all of Anaheim and Buena Park. For clients in surrounding areas, I charge a \$25 fee per visit to cover additional gas and drive time.

In-Room Pet Sitting

This service is priced per "room of pets" rather than per individual pet and the number and type of allowed pets will vary according to your specific hotel's policies. In-room pet sitting includes administration of food, water and noninvasive medications twice a day, daily litter cleaning &/or 3-4 potty breaks, clean-up of any accidents, and a maximum of 40 minutes total daily walking time. Lots of playtime and cuddles are also included. **These rates do not include parking fees, which vary by hotel.**
