

Annie Jones Petcare

Price List & Policies

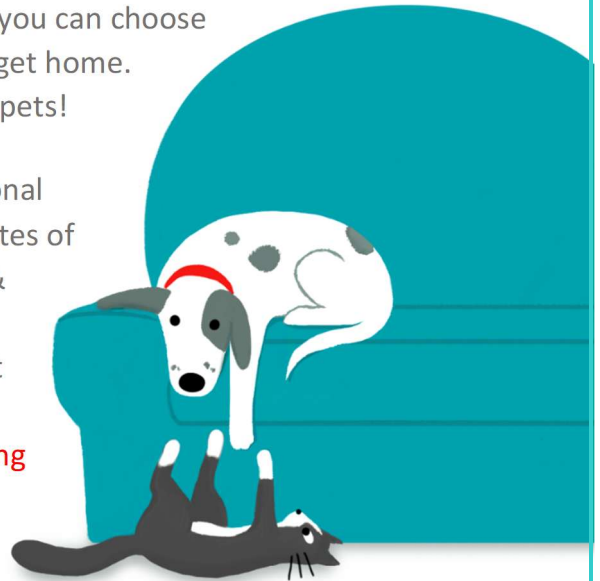

General Policies

- I charge \$25 for **Special Trips** to pick up or drop off keys or to conduct a walkthrough separately from the initial complementary Meet & Greet. It may be more cost effective to buy an outdoor key safe.
- My regular **Service Area** includes Orange County east of Beach Blvd., north of the 405, and west of the 133 & 241 as well as all of Anaheim, Buena Park, La Mirada, and Whittier. I charge an additional \$25 fee per stay or visit for clients outside this service area.
- **Holiday Rates** apply to the day before/of/after a federal holiday and the continuous Friday – Monday.
- **Rover mark-ups & booking fees add about 33% to the rates listed here.** All bookings initiated on Rover must be completed there, but clients can avoid future fees by booking with me directly. I am happy to split these fees with clients on their first Rover booking but will charge full price thereafter.
- **Cameras** are never allowed in any bathroom or, during overnights, in the room I am to sleep in.
- I have a health condition that necessitates your home's **indoor temperature does not exceed 73° F.**

Hourly Services

Hourly services are priced per half hour and not per pet at **\$25 for 30 minutes** (\$30 on Holidays). Each additional 30 minutes is discounted to \$15 for drop-ins. The service timer starts when I arrive at your door (or property gate if you live in a large complex and are unable to provide an entry code or fob) and stops when I lock the front door to leave.

- **Drop-In Care Visits** include feeding, refilling water, administering noninvasive medications, cleaning up any minor accidents, and letting pets out to potty &/or cleaning litter boxes. I can sometimes squeeze in a quick 5-10 minute walk as well. I will notify you if there are any major cleaning issues that I won't be able to address during the scheduled visit so you can choose to either extend the visit or do your own cleanup when you get home. Any leftover time will be spent cuddling & playing with your pets!
- **Walks** are only scheduled with existing clients, as an occasional courtesy. A 30-minute walk ends up being about 20-25 minutes of actual walking time as it takes a bit to get everyone settled & leashed. I book a max of 2 large (>~20lbs.), 1 large and 2 small, or 4 small dogs per 30 minute session. If I need to split your pets into 2 groups each will get 10-15 minutes walking time per 30 minutes booked. **I only book daytime walks during the cooler months of November through April.**

Daily Services

Daily residential services are billed per pet. Your highest need pet is billed at the relevant base rate; all other pets are billed at one of the additional rates. A "night" of sitting covers a 24 hour period starting at my arrival time. If the scheduled departure time on the last day is 2-8 hours later than the initial arrival time, you may be billed for **Extended Care** at 50% of your total daily rate. If more than 8 hours later, you'll be charged 100%.

- **In-Home Pet Sitting** Includes administration of food, water and noninvasive medications twice a day, daily litter cleaning &/or 3 potty breaks, clean-up of occasional accidents, lots of playtime & cuddles, and a max of 40 minutes daily walking time per pet (replaced with indoor enrichment activities when required by the weather and/or my health condition). I'll stay overnight (unless you request otherwise) and spend most of my time at your home but may leave for up to 8 hours a day unless you are paying for **Continuous Care**, in which case I will only leave once every 3-4 days for up to 3 hours. As it is impossible for me to travel with a full kitchen, I'll provide most of my own food but may use your condiments, spices, etc., or consume an insignificant amount of your snacks and drinks. **Please label anything I shouldn't use.**

It is expected that pets billed at the **Adult** rate do not have extensive behavior issues and can wait up to 8 hours between potty breaks, meals, medications, etc. during the day and 12 hours overnight if needed. The **Puppy** rate is for pets of any age/type who can wait up to 6 hours during the day or 8 hours overnight. This rate also applies to pets with extensive behavior issues or who need more frequent feeding, care, or medication. **Small Pets** (rodents, birds, reptiles etc.) are booked by the cage or enclosure at the same rate as cats. **I book your 3rd pet for free when no more than 1 of your 3 (or more) pets meet either the Puppy or Continuous Care criteria.**

First Pet/Base Rate	+	Second Pet	+	Additional Pet(s)	=	Nightly Rate
\$65 Adult Dog/Cat/Small Pet(s)		\$20 Cat/Small Pet(s)		\$TBD 3rd Pet (Usually Free!)		
(\$55 for 6+ non-holiday nights)		\$30 Dog		\$20 4 th , 5 th , etc. Cat/Small Pet(s)		
\$80 Puppy or Holiday				\$30 4 th , 5 th , etc. Dog		
\$100 Continuous Care						

- **Hotel (or RV) Pet Sitting** includes the same services described above for In-Home Pet Sitting but is priced per "room of pets" rather than per individual pet. The number and type of pets included will vary according to the specific policies of your hotel or RV park. I am unable to accept clients staying at Vrbo's, Airbnbs, etc. as they usually have access restrictions and/or policies limiting additional guests. Your pet will be continuously attended to unless your host property allows otherwise, in which case I may leave briefly without your pet in order to run a quick errand like retrieving something from my car or pick up lunch from nearby. **The rates listed below do not include parking fees, which vary by property.**

\$65 Half Day	Up to 6 continuous hours of care provided between 8 AM and 10 PM \$80 Holiday Rate
\$80 Full Day	Over 6 continuous hours of care provided between 8 AM and 10 PM \$100 Holiday Rate; Discounted to \$65 on non-holiday Tues, Weds, or Thursdays
\$100 Extended	Over 6 continuous hours of care provided between 7 AM and 12 AM \$120 Holiday Rate; Discounted to \$80 on non-holiday Tues, Weds, or Thursdays
