

GOALS

1

BUILDING ENHANCEMENTS & GRADE EXPANSION

We believe God has a location selected for Starboard, and we want to be ready to receive and prepare it. As a certified non-public school in the state of NC, we abide by all safety and fire regulations set forth by the state. Most church or commercial buildings aren't built to meet all of those standards, so we anticipate the need to make changes or updates wherever we go. If God partners us with a church that is preparing to build, funds may be used towards the new building. Being financially prepared will allow us to move quickly and wisely when the time comes. Additionally, the original vision for Starboard Christian Academy was to be a K-12 school. To support a high school, we know we will need to grow from the bottom, adding a second classroom per grade, starting with Kindergarten. If it is God's will, pray that our next location will be conducive to allowing Starboard to grow appropriately so we can graduate our students!

2

SAFETY

We are committed to providing an environment that fosters a love of learning, sparks creativity, and encourages Christ-like character. Providing a safe place for our students and staff to come to each day is a top priority. A portion of the funds will go towards hiring a safety officer for our campus.
