

Church Membership and Participation Form for Non-WBC Members

Westport Baptist Church strives to collaborate with other churches in our community to grow the kingdom of God. This will mean that there are occasions where we partner with individuals who are not a part of WBC. We want to insure those we partner with are indeed members of another church, actively involved in that church by regular participation and attendance, and serving in that church. We want to make sure those churches are of like faith as it relates to the person and work of Christ and as it relates to the nature of Scripture.

Pastor, the above mentioned is serving on the campus of Westport Baptist Church. We want to partner with individuals from other churches when this will help in reaching our community with the Gospel. In doing so, we want to confirm that they themselves are members, they are in good standing with your church, and that they are seeking spiritual maturity by being faithful in church attendance and participation.
