SPECIAL SKILLS

I was known in both High School and College as being the editor to depend on. Whether it was just a simple, complicated, or an edit that needs to be created in a short amount of time. Over the last few years I've been the Go-To person at News Stations I've worked at, which has given me more experience with teaching new talent, new co-workers, etc. I'm very adaptable after a clear explanation of what I need to do, and I'm always looking for feedback. I'm highly driven, passionate of my craft, and importantly a hard worker.
