

The Host:

Christian Women Business Network was established in April 2017 to create a safe space for business, career and Ministry women to network, empower, inspire and support each other towards thriving business and professional journeys. We partner with reputable businesses and individuals towards reaching our goals.

The network is currently a community of over 1000 women with a footprint in all SA Provinces, countries across Africa and beyond. Over the years CWBN has been the backbone of Bontlebane NPO's Girls of Hope - empowering through mentorship, coaching and excursions for a better future.

Activities:

As much as the Established Businesswomen Networking Summit is an anniversary celebration, it will continue to deliver on the goals of the CWBN: creating opportunities for businesses, business and professional women to elevate their brands and make connections that matter for business success and personal growth through:

Gala Dinner Business Exhibitions Pop-Up Stalls

Worldclass Speakers Business Advertising

Fireside Chats Award Ceremony Networking
