DESIGN YOUR MUD FLAPS

TURN EVERY MILE INTO MARKETING.
Your Truck. Your Brand.
Maximum Exposure

Custom Designed Semi-Truck and Trailer Mud Flaps
Put your branded logo, telephone number, and website on display while protecting your expensive rig and other drivers on the road. Most commercial trucks average 10 million sightings per year per truck let us help you get noticed on the road. Brand your logo with FleetWide and be recognized.

Made in Canada
Our Canadian-made plastic (polyethylene), rubber & poly-blend mud flap materials are stronger and stay stiffer on your trucks and trailers than the competition. We offer a 100% satisfaction guarantee on all mud flaps. Our custom semi-mud flaps are the best on the road, and we can prove it.

CUSTOM MUD FLAPS FOR MAXIMUM VISIBILITY
- Promote your brand on every mile
- Protect trucks from road spray & debris
- Designed for commercial trucking environments

SINGLE-HEADER RUBBER MUD FLAPS

PREMIUM PERFORMANCE RUBBER

Engineered for Maximum Durability and Performance

Our best-selling mud flaps are built thicker than standard options to withstand the toughest jobs. Constructed from high-strength materials, they deliver exceptional resistance to tearing, cracking, and warping even when exposed to harsh road conditions from gravel, mud, snow, and debris. Trusted by professionals in the most rugged industries. These flaps are ideal for gravel haulers, dump trucks, and heavy-duty off-road or construction vehicles.
They provide superior protection by minimizing road spray and debris. Helping protect your vehicle, trailer, and surrounding traffic.

CUSTOM MUD FLAPS FOR MAXIMUM VISIBILITY

- Promote your brand on every mile
- Protect trucks from road spray & debris
- Designed for commercial trucking environments

MULTI-HEADER RUBBER MUD FLAPS

PREMIUM PERFORMANCE RUBBER

Adjustable Heavy-Duty Mud Flaps

Versatile Protection for Demanding Applications

Our top-selling adjustable mud flaps are built extra thick to withstand the rigors of heavy-duty use. Designed with a one to four-size cut-out pattern, they provide flexible fitment for a wide range of vehicle types and configurations. Each flap features integrated Rainguard™ backing, offering superior splash control and moisture resistance to protect both vehicles and surrounding traffic.

Key Features:

- Extra-thick rubber for maximum durability
- One to Four-size cut-out for universal fitment
- Rainguard™ backing for enhanced splash protection
- Resistant to cracking, tearing, and warping
- Easy to trim for mulitple applications
-

Ideal For:

- Construction and aggregate trucks
- Agricultural equipment
- Dump trucks and gravel haulers
- Utility and service vehicles
- Off-road and industrial fleets

INTEGRATED RAINGUARD™ BACKING

POLY / PLASTIC MUD FLAPS

LIGHTWEIGHT DESIGN EXCEPTIONAL PERFORMANCE

Premium Polyethylene Mud Flaps

Durable. Professional. Cost-Effective.

Our high-quality polyethylene (poly) mud flaps are specifically engineered to deliver long-lasting performance in demanding trucking and trailer applications. Built for strength and structure, they offer superior protection from road spray, debris, and environmental wear.

INTEGRATED RAINGUARD™ BACKING

Enhanced splash control and moisture resistance for maximum protection.

Key Features:

- **Strong & Rigid** - Maintains shape on the road, even under heavy use.
- **Fade & Crack Resistant** - UV-stabilized for long-term outdoor durability.
- **Custom Logo Printing** - Available in black or white with your branding.
- **Long-Lasting Value** - Low maintenance and built to outlast standard flaps.
- **Fast & Cost-Effective** - Quick turnaround times — often lower than generic options.
- **Available Printing Options** - Fully customizable with Hot Stamping or Screen Printing

HYBRID POLY / RUBBER MUD FLAPS

ADVANCE CONSTRUCTION UNCOMPROMISING PERFORMANCE

The Ideal Balance of Strength & Flexibility

Our top tier Hybrid Mud Flaps combine the durability of rubber with the lightweight advantages of polyethylene—offering the best of both worlds. Designed to handle the harshest road and weather conditions, these flaps resist cracking, fading, and tearing.

- Heavy-duty construction for long-lasting performance
- Flexible yet rigid – maintains shape at highway speeds
- Weather & UV resistant – built to withstand sun, snow & debris
- Available in black with custom hot stamped logo printing
- Ideal for trucks, trailers, and commercial fleets

Fast turnaround times and competitive pricing make these a reliable and cost-effective solution for your vehicles protection.

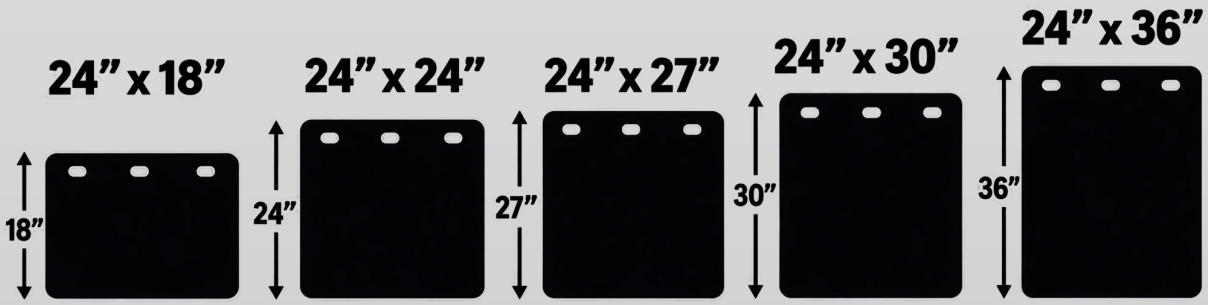

INTEGRATED RAINGUARD™ BACKING

Enhanced splash control and moisture resistance for maximum protection.
