2 Safeguarding

EngXcel recognises its responsibility to safeguard and promote the welfare of children and vulnerable adults, and seeks to take every reasonable step to safeguard them by adopting child protection guidelines and following procedures for the vetting and training of people who work directly with children, young people and vulnerable adults.

EngXcel accepts in loco parentis responsibility of children, as outlined by the school's Supervision Ratios Policy. EngXcel recognises that it has a special duty of care towards children and young people under the age of 18, and vulnerable adults and as such, adheres to the following guidelines:

1. Any member of staff teaching, caring for or supervising a young person under the age of 18 or vulnerable adults, is vetted and subject to Disclosure and Barring Service (DBS) checks at the appropriate level.
2. Staff should avoid being alone with a child without another staff member being present. In situations where this is unavoidable, exit routes should be clearly visible and doors to the room or area left open.
3. Meetings between staff and students under the age of 18 outside of the normal teaching/activity programme environment should be avoided. Where unavoidable, another staff member should be informed that they are taking place.
4. Intimate or sexual relationships between staff and students under the age of 18 are an abuse of trust which may constitute a criminal offence.
5. Unnecessary physical contact with students should be avoided, even if well-intentioned, to avoid such acts being misinterpreted.
6. In the unlikely event that a staff member is required to restrain a child or young person in order to prevent self-injury, damage to property, or ensure the safety of others, only the minimum force necessary must be used.
7. Designated first aiders or other staff required to administer first aid should ensure that another member of staff is present, where possible, to avoid any necessary physical contact being misinterpreted.
8. Staff should be careful in their use of language/terminology and must not make unnecessary comments which could be interpreted as having a sexual connotation.
9. The personal telephone number, personal email or home address of any staff member should not be given to young students.
10. Staff should not attempt to resolve any complaints or disclosures of students alone; all allegations or suspicions of abuse should be reported to the Designated Safeguarding Lead and/or Directors. At all times, staff members should stay calm, listen, record information and seek support.

2.1 Roles and responsibilities

- 2.1.1 All staff should be made aware of their responsibility to maintain confidentiality and be aware of their duties to report and record any safeguarding or child protection concerns they may have in accordance with schools safeguarding and child protection procedures.
- 2.1.2 All staff need to be aware of the systems within EngXcel which support safeguarding and child protection – this forms part of the induction process but also on-going training which is regularly updated.
- 2.1.3 In addition, all staff should:
- Know the name of the Designated Safeguarding Lead (DSL), **Ben Whittaker** and how to contact him.
 - Know who to contact in the DSL's absence.
 - Know what to do if a child tells them they are being abused or neglected.
 - Report concerns about a child/young person immediately or as soon as it is possible to the DSL. However, if a child is in immediate danger or is at risk of harm a referral should be made to the police or children's social care immediately.
 - Never promise a child that they will not tell anyone about an allegation- as this may ultimately not be in the best interests of the child.
 - Be aware of signs of abuse or neglect.
 - Be aware of whistleblowing procedures to the senior leadership team if they have concerns about safeguarding practices within the school.
- 2.1.4 Homestay hosts should:
- Know who to contact with any concerns relating to safeguarding.
 - Report issues with under 18s to the school immediately. E.g. illness, absence, breaking of curfew.
- 2.1.5 The Designated Safeguarding Lead should:
- Undertake Specialist safeguarding for Designated Lead (formerly known as Level 3) training to ensure they have the knowledge and skills required to carry out the role.
 - Manage referrals to other agencies such as the Local Authorities Social Care and Police.
 - Together with the school directors, ensure that staff in the school have received appropriate child protection and safeguarding training.
 - Be available for staff at the school to discuss any safeguarding concerns.
 - Have weekly meetings with students aged 16-17 years for whom the school have in loco parentis responsibility.
- 2.1.6 The School Directors should:
- Hold overall responsibility for the provision of safeguarding of staff, students and anyone else in the school, including teachers, non-teaching staff, students and visitors, (including contractors).

2.2 Abuse and neglect

- 2.2.1 EngXcel provides guidelines for recognising potential abuse in line with the current laws and policy regulations surrounding child safety and safeguarding, noting that signs of abuse can

be extremely difficult to identify and that there is no definitive list. A person may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm.

2.2.2 Abuse may be physical, emotional, or sexual. Neglect is also classified as abuse. Indicators of abuse *may* include the following:

- Physical indicators – unexplained injuries, suspicious marks, bruises, burns, scalds and cuts, particularly on parts of the body not normally prone to such injury.
- Behavioural indicators – unexplained changes, becoming withdrawn, aggressive, clingy, emotional or erratic
- Inappropriate sexual awareness, sexually precocious behaviour or pregnancy
- Distrust of adults
- Self-harm, mutilation or suicide attempts
- Eating problems or disorders
- Depression and obsessive traits
- Becoming increasingly dirty or unkempt
- Drug and/or alcohol abuse
- Allegations or hints at disclosure
- School/peer/relationship problems

2.3 Safer Recruitment

2.3.1 EngXcel recognises its responsibility to ensure that all staff recruited into positions where they may come into contact with children or vulnerable adults, has been suitably vetted. When recruiting new staff, EngXcel will ensure the following:

- Verification of identity and academic or vocational qualifications.
- Previous employment history is checked
- Obtain at least one professional reference and one additional professional or character reference.
- Undertake appropriate checks through the Disclosure and Barring Service (DBS) prior to employment commencing.

2.4 Delayed suitability checks

2.4.1 In the case of delayed suitability checks, staff will be unable to engage in regulated activities unsupervised.

2.4.2 Teaching staff:

- They will not be assigned to classes with under 18's in attendance
- They will not be assigned to teach one-to-one classes
- When teaching, the classroom door must be left open
- They will not be assigned to lead any extracurricular activities

2.4.3 Non-teaching staff:

- They will not hold any one-to-one meetings with students
- They will not supervise or attend extracurricular activities
- They will not make visits to accommodation/inspections

2.4.4 In addition, a separate Barred List check will be performed immediately.

- 2.4.5 Homestay providers
- We will not place students with a homestay host until a satisfactory DBS Check has been returned
- 2.4.6 EngXcel recognises that students under the age of 18 may come into contact with other adults who are undertaking regulated activity according to the Safeguarding Vulnerable Groups Act 2006 as amended by the Protection of Freedoms Act 2012, including accommodation and transport providers. It is our policy to obtain declarations regarding a host's suitability to work with children, with copies of DBS numbers kept on file. Contractors working with EngXcel on any junior programmes are required to provide a declaration stating that any staff members coming into contact with students under the age of 18 have the appropriate DBS checks in place. We also hold a copy of each contractor's liability insurance on file.

3 Course and Age Ranges

- 3.1.1 EngXcel provides a range of courses for students aged from 5 years and over:
- Xcel Summer School – ages 5+ (including adults)
 - Closed group classes, available all year round – 14+
- 3.1.2 Students aged between 5-15 years must travel with a parent, carer or group leader who will take responsibility for the student once the school day ends. As EngXcel is parent and child oriented, we do not accommodate students aged under 15 years travelling to the UK alone.
- 3.1.3 Emergency contact details, local contact details and any relevant medical information are collected from every student as part of their registration process.
- 3.1.4 Adult and child courses are taught separately, either in different site locations or in different parts of the building. Students aged 5-15 years are supervised at all times whilst in school including break and lunch times. In addition, break times for under 15's are scheduled at different times to adult classes in order to provide additional security for young learners.

3.2 Young adults

- 3.2.1 EngXcel only accepts in loco parentis for students aged 16-17 years (Young Adults). We require parents/carers to complete a Parental Consent Form prior to the student's arrival. Parents are made aware in advance that students taking morning lessons only will have large portions of the day and weekends that they would be unsupervised. Students aged 16-17 years are strongly encouraged to take the full day programme where possible. In addition, EngXcel encourages Young Adults to take private airport transfers booked through EngXcel, to ensure a smooth and safe journey from the airport to their accommodation.
- 3.2.2 A curfew of 22:00 is in place for all unaccompanied students aged 16-17 years unless an earlier one has been arranged with parents/carers.
- 3.2.3 For Young Adults, accommodation is provided in Homestay. Students of this age must not stay alone in an apartment or residential accommodation. At the time of booking, EngXcel requests local contact information for every student and follows up all situations where a student aged 16-17 years has not requested to stay in accommodation provided by EngXcel.

hello@engxcel.com

engxcel.com

- 3.2.4 EngXcel provides all Young Adults with a Young Adult e-Student Handbook which specifies all the rules and information a student would require whilst living and travelling to the UK alone. This is age specific and contains more relevant information than the standard e-student handbook provided for students aged 18+.

3.3 Closed Groups

- 3.3.1 EngXcel provides courses for closed groups with a minimum age of 14 years. Students aged 14-17 years must travel to the UK with a group leader who takes responsibility for the students once the school day ends. There must be a ratio of 1 leader per 20 students, however we strongly recommend a ratio of at least 1 leader per 15 students and offer a free leader place per 10 students in an attempt to encourage this ratio.
- 3.3.2 Closed group students are usually accommodated in Homestay accommodation in twin rooms. Triple rooms can also be provided but only in cases where there are an uneven number of boys or girls to ensure that no student is housed alone. Accommodation can also be provided in a residential setting. In these cases, the Group Leader(s) must accept full responsibility for their students once the school day ends.

4 Supervision Ratios

- 4.1.1 EngXcel supports the active involvement of staff in organising trips/ outings/ activities for students, viewing this as an enriching part of their learning experience. The following information is provided to assist staff in the planning and conduct of such activities and to ensure that such activities meet the necessary requirements of health, safety and welfare for all involved.

4.2 General information

- 4.2.1 The organisation, conduct and supervision of games, cultural activities, field trips and educational tours must be of a high standard. The school has an "in loco parentis" responsibility for the students for the duration of the outing. The following considerations must be kept in mind:
- The appropriateness of the activity;
 - A minimum student/teacher ratio of 1:6 (for ages 5-9 years) and 1:15 (ages 10-17) must be observed at all times;
 - The ratio for skilled people to students should be increased as the degree of difficulty or danger increases;
 - Each student should have a card/form detailing their personal details, health details and itinerary details in the event that they become separated from the group;
 - Organisers should ensure that the insurance should indemnify the organisers of activities as well as the suppliers of service to the outings. It is advisable to check with the Directors prior to confirming any activities;
 - Approval should be sought in advance from the Directors for any significant activity which involves the students travelling from the school;

hello@engxcel.com

engxcel.com

- No teacher(s) should take any student/group of students from the school without prior notification and authorisation and a complete list of students and the teachers taking them must be left with the management prior to departure;
 - Students leaving on a day activity must have their attendance recorded on the register prior to departure;
 - Parents should be made aware of all outings and a parental consent form should be completed authorising the student to travel and adhere to any rules and conditions. Only one consent form is required in the case of a series of outings (e.g. 2 weeks of afternoon social activities);
 - Before any student is brought on any trip which involves travel of a considerable distance, written parental authorisation to get medical care should be sought (this is done as a matter of course for all summer courses). When seeking such permission, details of any ailments from which the student suffers or medication they may be taking must be requested;
 - Mobile phone number(s) of teachers taking students on outings/tours must be left with the school to ensure possibility of contact should the need arise.
- 4.2.2 Parents must be informed of the details of the itinerary and proposed activities, and any requirements (clothing, finance, delivery and collection of student) particular to the Tour. Parents must also be informed of the behaviour expected of students. Students must be informed at the registration stage that final approval to travel rests with the School Management and that the School Management having consulted with the Activity Leader may, at any stage, revoke permission for a student to travel on the Tour. The Activity Leader and teachers travelling on the activity must assess the suitability of pupils applying to travel on the activity. Where there is uncertainty as to the behaviour/co-operation of a student, that student shall not be permitted to travel. It is the task of the Activity Leader to ascertain particular student requirements including food, health, special needs.
- 4.2.3 Safety is the single governing factor in considering, planning and conducting outings. Proper analysis of risk and the avoidance of any unnecessary risks is therefore essential.

5 IT Policy

- 5.1.1 The EngXcel IT Policy applies to all students, teaching and support staff, as well external contractors who use, have access to or maintain school and school related Internet, computer systems and mobile technologies internally and externally.
- 5.1.2 EngXcel makes reasonable use of relevant legislation and guidelines to affect positive behaviour regarding ICT and Internet usage both on and off the school site. This will include imposing sanctions for inappropriate behaviour – as defined as regulation of student behaviour under the Education and Inspections Act 2006. 'In Loco Parentis' provision under the Children Act 1989 also allows the school to report and act on instances of cyber bullying, abuse, harassment (including sexual harassment), malicious communication and grossly offensive material; including reporting to the police, social media websites, and hosting providers on behalf of Students.

5.1.3 The IT policy covers the use of:

- School based ICT systems and equipment
- School based intranet and networking
- School related external Internet, including but not exclusively, blogs and social media websites
- External access to internal school networking, such as remote email, file-serving (document folders) and printing.
- Tablets, mobile phones, devices and laptops when used on the school site.

5.2 Responsibilities

5.2.1 The school has a designated Online Safety Officer, who also acts as the DSL and reports to the School Directors, and coordinates Online Safety provision across the school. The Online Safety Officer responsibilities include:

- Overseeing Online Safety issues on a day to day basis.
- Maintaining a log of submitted Online Safety reports and incidents.

5.2.2 Teaching and teaching support staff need to ensure:

- That they are aware of the current school IT policy, practices and associated procedures for reporting Online Safety incidents.
- They follow the school's social media guidance (Staff Handbook) and conduct on Internet school messaging or communication platforms, for example email and the school website.
- Be aware of online propaganda and help students with critical evaluation of online materials.

5.2.3 Students are requested to:

- Use school Internet and computer systems in agreement with the terms specified in this policy
- Report the misuse by any person of internet and computer systems to the Online Safety Officer, including misuse of social media.

5.3 Permitted and prohibited uses of computer systems – staff

5.3.1 Staff may use the Company's World Wide Web access for business use subject to the rules in this Policy. Staff may also use the Company's World Wide Web access for personal use provided that such use is kept to a reasonable level, does not interfere with your job and does not otherwise breach this policy. However, staff must not under any circumstances use any chat lines or bulletin boards on the Internet.

5.3.2 Where permitted by local law, the Company reserves the right to monitor personal use against compliance with this code and the law generally.

5.4 Monitoring – staff

5.4.1 EngXcel gives staff notice that, wherever permitted by local law, it reserves the right to monitor and inspect staff's Internet usage and any E-mails sent using the Company's E-mail system including personal messages at any time. Such monitoring is intended to ensure that this Policy is being adhered to and is effective and that the Company and its employees are acting lawfully.

hello@engxcel.com

engxcel.com

EngXcel

ENGLISH FOR ALL

- 5.4.2 All "connections" to the Internet from the Company are monitored and recorded in log files. Such monitoring of Internet usage is solely to ensure that this policy is being adhered to and that the Company and its employees are acting lawfully. These files record information of which site has been accessed and by whom. They are liable to be checked on a regular basis.

5.5 Offensive material – staff & students

- 5.5.1 Staff and/or students must not under any circumstances use the Company's E-mail system or Internet access to access, download, send, receive or view any materials that;
- Go against the policies of the government's Prevent scheme
 - Could cause offence to any person, for example by reason of:
 - Any sexually explicit content
 - Any sexist or racist remarks/jokes
 - Remarks relating to a person's sexual orientation, religion, disability or age
 - That are known to be illegal

6 Harassment and Bullying

- 6.1.1 Harassment is defined as unwanted conduct (including failures to act) by an individual (or group of) student/teacher(s) directed towards a fellow student/teacher (or group of students/teachers) which creates a work environment that is intimidating, hostile or offensive. It is most typically associated with sex, race, ethnic background or disability.
- 6.1.2 It is not the intention of the perpetrator that is of primary consideration in deciding whether harassment has occurred, it is the fact that the conduct is regarded by the recipient as unwelcome and offensive which can constitute harassment. Harassment can be cumulative from a pattern of behaviour or from an isolated incident.
- 6.1.3 In the event that harassment does occur, the Company will deal with complaints in a serious, timely, sensitive and confidential manner and will adopt appropriate measures to ensure that it does not re-occur. Students, teachers or employees found guilty of harassment may be subject to disciplinary measures. In serious cases this could lead to expulsion or dismissal.
- 6.1.4 The Company insists that all students, employees, and all others with whom students or employees may come into contact by reason of their enrolment/employment, are treated with dignity and respect.

6.2 Forms of harassment

- 6.2.1 The following are types of behaviour which are unacceptable and may constitute harassment:
- Unwelcome physical contact
 - Unwelcome verbal or non verbal conduct including offensive personal remarks or bad language
 - Sexual attention which the individual finds intimidating, offensive or which causes them discomfort
 - Conduct which shows lack of respect for individuals, such as display of pornographic or suggestive material
 - Bullying/intimidation or Victimisation

hello@engxcel.com

engxcel.com

6.3 Procedure

- 6.3.1 All students, teachers and employees are encouraged to report incidents which they believe may constitute harassment to the Operations Manager or to a Director. The Company will take steps to deal seriously with any victimisation or retaliation as a result of making a complaint. The Company considers it to be a disciplinary offence to victimise or retaliate against another student/teacher/employee for bringing a complaint of harassment in good faith. However, any complaint which is found to have been made maliciously (rather than through honest mistake) may result in disciplinary action being taken against the person who made the complaint.
- 6.3.2 It is the Company's view that those who make a complaint ought, if the complaint is made honestly, to have nothing to fear in making it; those against whom it is made ought to have nothing to fear if there has been no harassment.

6.4 Responsibilities

- 6.4.1 In any case of alleged harassment, the relevant Director will assist and support line management (or other appropriate management) in conducting any investigation. The Director should ensure that the investigation is conducted fairly, confidentially, sensitively and in as timely a fashion as possible.
- 6.4.2 Informal Resolution
If appropriate, students, teachers and employees should be encouraged initially to try to resolve a situation of harassment by approaching the harasser and explaining that the behaviour is unwelcome. The student/employee may wish to be accompanied by a fellow classmate or colleague when making the approach or may want somebody to do it on their behalf.
- 6.4.3 Where the student/teacher/employee believes that attempts at informal resolution are inappropriate, or where informal resolution has not been successful the student/teacher/employee should make a formal complaint under the Company's grievance procedure. The Company will undertake confidential, thorough investigation of the complaint as quickly as possible.
- 6.4.4 Formal Action
A student/teacher/employee formally accused of harassment will be informed of the complaint by one of the Directors or another member of the Management Team. The alleged harasser will be given full details of the complaint and an opportunity to respond to the allegation. During the formal investigation, the alleged harasser will be given the opportunity to put forward his or her side of the story and may be accompanied by a fellow classmate or colleague (negotiated employees may be accompanied by a trade union representative) during any grievance procedure meeting.
- 6.4.5 Throughout the investigation the student/teacher/employee complaining of harassment will be given the opportunity where practicable to be moved away from studying or working near the alleged harasser or consideration will be given to the alleged harasser being transferred

hello@engxcel.com

engxcel.com

away from the complainant's study/work area. Where necessary and in serious cases the alleged harasser and / or the complainant may be suspended (on full pay for employees) pending the outcome of the investigation.

- 6.4.6 If harassment is found to have occurred the harasser may be required to undergo a course of counselling or may be subjected to disciplinary action under the Company's disciplinary Code, which allows for dismissal in a serious case.
- 6.4.7 If a complaint is not upheld but the complaint has irretrievably damaged the study/working relationship, alternative study times or a refund of fees may be appropriate.
- 6.4.8 The Directors will monitor the progress of implementing the conclusions arising from the investigation. If a claim is made against a student or employee maliciously, the person making the complaint may be subject to disciplinary action.

6.5 External assistance

- 6.5.1 If a student/teacher/employee requires independent help in dealing with circumstances of alleged or actual harassment, the Directors may arrange for a confidential counsellor to be involved. There are also a wide range of registered charities and support groups who may be able to help.

6.6 Timescales

- 6.6.1 In all cases, attempts will be made to undertake and conclude the investigation within as short a period from the initial complaint being received as is commensurate with a thorough investigation. If the complainant or alleged harasser is dissatisfied with the outcome of the investigation or way in which the investigations were conducted, an appeal should be made in accordance with the Company's grievance or disciplinary procedure as appropriate.

6.7 Documentation

- 6.7.1 The Directors in association with the investigating manager will keep a record of all meetings and interviews conducted throughout the investigation. These will be used to help in deciding what action should be taken.

7 Attendance

- 7.1.1 In developing this section of the policy, EngXcel aims to:
 - Support and encourage students to achieve their full potential in their studies and in developing lifelong skills and competencies
 - Enhance the overall learning environment by encouraging active participation through regular attendance
 - Provide guidance on why attendance is important
 - Use attendance as one of the factors to be taken into account in reviewing a student's commitment to, and performance in, their studies and in developing an appropriate response to specific concerns about performance.

7.2 Key principles

- 7.2.1 Students are active participants in their learning experiences and must take responsibility for achieving their potential through continued attendance and participation.

hello@engxcel.com

engxcel.com

EngXcel

ENGLISH FOR ALL

- 7.2.2 Monitoring attendance can provide an indication of student commitment, motivation and any difficulties which need to be addressed; it is an essential element of helping students to learn.
- 7.2.3 Regular attendance and academic achievement are closely linked. Students who regularly attend classes are more likely to enjoy a rewarding experience in which core skills and abilities are developed.
- 7.2.4 Attendance is a key component in student retention, progression and achievement.
- 7.2.5 In accordance with its commitment to helping students to fulfil their individual potential, EngXcel expects all students to attend all scheduled learning sessions.
- 7.2.6 The only exception to the above should be in circumstances where ill health or other legitimate reasons prevent students attending these sessions. Students or their parents/carers are responsible for informing EngXcel of these circumstances.

7.3 Responsibility

- 7.3.1 Responsibility for implementation of this policy and its procedures lies with the class tutors, the administrative and managerial team and the directors. Students are responsible for their attendance, absence reporting and punctuality.

7.4 Justification

- 7.4.1 EngXcel has an obligation to comply with the requirements of UK Visa & Immigration (UKVI) whereby attendance of visa nationals must be tracked and non-attendance reported in accordance with their guidelines.

7.5 Procedure

- 7.5.1 This procedure is designed to provide all students and staff with clear and explicit guidance regarding the practices adopted to ensure the systematic, consistent and fair implementation of EngXcel Attendance and Absence Policy.
- 7.5.2 This procedure relates only to issues concerning attendance and absence, and is separate from the Student Disciplinary Procedure.

7.6 Attendance – general

- 7.6.1 Students are required to maintain a minimum of 85% attendance. It is compulsory that all students register on arrival at EngXcel each day. Attendance is tracked daily and individual student profiles updated on an ongoing basis. **Students who do not achieve attendance of 85% or higher will NOT receive their end of course attendance certificate and may be asked to leave the course. In the case of visa students, UKVI will be informed.**

7.7 Non-attendance

- 7.7.1 If the student has failed to attend and notify EngXcel of the reason for their non-attendance for more than 1 day the Student Welfare Officer will try to telephone the student or their homestay if appropriate. If it is not possible to make contact, the student will be sent a letter/email asking him/her to explain the absence and to indicate when s/he will return to EngXcel. If no satisfactory answer is received by the end of the first week's absence, a second letter/email will be sent stating EngXcel's intention to report the student to the UKVI, including if considered appropriate contact with the responsible next of kin or emergency

contact person. If the student still makes no contact or does not re-appear after a total absence of 10 days (from the first day of absence) they are to be exited, the UKVI informed, and copies of the letter to the UKVI are to be forwarded to the student at all contact addresses.

7.8 Non-attendance due to ill health, personal or that of a close friend or relative

7.8.1 If the student is unable to attend due to ill health they must contact EngXcel immediately and remain in contact on a regular basis until they return to their studies. If you are sick for more than two days, we will visit you and may arrange an escorted appointment with the school doctor.

7.9 Holidays and time off during registered course dates

7.9.1 Students are expected to meet the minimum attendance rate throughout their course. Any other activities are expected to be arranged around the agreed course times. However, in the event that they cannot (e.g. family wedding or funeral) then EngXcel is to be notified prior to the student attending. If there is no prior notice see part 7.7 above.

7.10 Punctuality

7.10.1 Students are expected to arrive at school in time for lessons to begin. Arriving late interrupts the class and affects the quality of learning for all students. Students who do not arrive at the scheduled lesson start time will be asked to wait until break-time before being allowed to join the class.

8 Junior Students

8.1 Reporting illness

8.1.1 EngXcel encourages its staff, host families, students and the group leaders of the students to notify EngXcel at the earliest opportunity if a student becomes unwell. EngXcel operates an emergency phone line which is manned 24 hours a day, 7 days a week.

8.1.2 At the beginning of each class, a register is taken by the class teacher. If the student has not arrived after 10 minutes of the lesson start time, the class teacher will report the students' absence to the main office. All absences are followed up.

8.2 Assessment

8.2.1 On being notified that a student is unwell, EngXcel staff make an assessment as to how to deal with the situation. The following actions may take place:

- The student is taken to speak to a local pharmacist for advice on medication
- NHS helpline, 111, is called for advice
- Student is taken to see a doctor/dentist
- Student taken to A&E at the hospital
- Ambulance called

8.3 Supervision

8.3.1 If the student is travelling as part of a group, then the group leaders are expected to travel with the student to the pharmacy, doctors' surgery, dentist or Hospital. In the event that a

group leader is not available, then a member of EngXcel staff will attend travel with the student.

- 8.3.2 In the event that medical attention is not required, and the student remains at their accommodation, group leaders, are encouraged to visit the student. If the group leader is unable to visit the student, then a member of EngXcel staff will visit the student. In addition, the host family, if available, is expected to supervise the student.

9 Prevent

- 9.1.1 The Prevent strategic objective is to stop people from becoming or supporting terrorists or radicalisation and challenge all forms of terrorism, including the influence from far-right extremist groups. The Prevent duty is to protect people from all streams of extremist activity and not solely aimed at one specific group.
- 9.1.2 The Prevent strategy has 3 key objectives and will specifically:
- Respond to the ideological challenge of terrorism and the threat we face from those who promote it
 - Prevent people from being drawn into terrorism and ensure that they are given appropriate advice & support
 - Work with sectors and institutions where there is a risk of radicalisation which we need to address
- 9.1.3 Prevent is part of safeguarding learners and all EFL providers have a duty to safeguard their learners from all aspects of abuse, exploitation and radicalisation. The Prevent Duty is intended to safeguard providers, learners & staff from being exposed to exploitation or radicalisation and to support the discussion and understanding of complex and controversial issues.
