

Global SME Firm Commits to Net Zero by 2025 Mayhew Performance LTD.

PRESS RELEASE: NOVEMBER 1, 2021

SUDBURY ONTARIO, NOVEMBER 2021 - MAYHEW PERFORMANCE LTD. Consulting Services (MPL) headquartered in Sudbury, Ontario Canada, announced today they have committed to Net Zero by 2025. Mayhew Performance is a boutique consulting firm specializing in Green Energy, Net Zero GHG Projects, Battery Electric Vehicle studies, Risk Management, Health and Safety.

Quoted by Vernon Cameron – President and CEO, Mayhew Performance Limited.

“Working with Mike and Nicole has been an absolute pleasure helping them expand their strategic direction and seeing them execute the growth plans with passion from SME in BEV to leaders in green energy and Net Zero GHG strategies”

Quoted by Tony Makuch – President and CEO, Kirkland Lake Gold

“Kirkland Lake Gold is proud to be working closely with Mayhew Performance as they continue to expand into the green energy space and supporting KLG vision towards achieving Net Zero by 2050. Mayhew Performance announcement and commitment today to achieve Net Zero by 2025 is a true testament of his actions and leadership”

Quoted by Mike and Nicole

“We are truly excited to commit to Net Zero by 2025 and supporting our clients around the world. We entered the Battery Technology space over 12 years ago with a vision to eliminate Diesel Particular matters by implementing BEV mobile equipment in our underground mines.

It was a natural expansion for MPL to move towards Green Energy and focus on Net Zero as the next steps in our mission to reduce our personal and global carbon footprint.

We are very excited to announce our next steps in achieving GHG Net Zero by 2025 with the implementation of SBB technology powered by Mayhew Performance Ltd”.

Start of Project October 24th,2021 and Completion October 30th,2021
