Providing Excellence In Women's Healthcare

PREPARATION FOR ABDOMINAL AND OB ULTRASOUNDS

1. Empty your bladder 90 minutes before the exam. Drink 20-24oz. of any fluid 60 minutes before the exam.
NOTE: A full bladder is needed for certain parts of the exam but not so full that it is painful.
2. You can bring 1 support person over the age of 18. Children are not allowed at this appointment.
3. [OB PATIENTS] Please eat something before the exam; this helps make the baby active.
4. [OB PATIENTS] Guests will need to wait until the fetal evaluation is complete before they will be invited into the ultrasound room.
5. [OB PATIENTS] Please refer to the reverse side for additional services available at your ultrasound appointment.

OB ULTRASOUND PRICING

Ultrasounds ordered by your physician for medical purposes are billed directly to your insurance company.

You may schedule an extra 10 minutes for this appointment to allow for some additional 4D 'entertainment' pictures. Pricing includes USB of your baby and approximately 4-8 pictures.

Single \$100

Twins \$150

A 4D ultrasound can be scheduled by the patient as an 'entertainment' appointment. For the best results we recommend this at 25-28 weeks. Pricing includes a USB of your baby along with approximately 4-8 pictures. The anatomy and growth of the baby not evaluated during this type of appointment. A patient consent form is necessary.

Single \$200

Twins \$250

The technician always strives for the best images possible. Occasionally the position of the baby does not allow for the 'best' pictures. Generations still charges the above fees for the time allotted for your appointment.

Full payment is collected when you check-in for your ultrasound.

CANCELLATION POLICY:

'Entertainment' ultrasound appointments not cancelled within a 24-hour notice will result in a \$100 patient charge.

Thank you for your understanding.
