# Driving your business forward

## The full package

At Freightways, we pride ourselves on our unloading, loading, and warehousing skills. We have a highly experienced team who can handle any kind of goods from handballs to pallets, vehicles, and abnormal loads.

Freightways offers many different and secure storage options. Your goods are safe with us. We can personalise your quote to meet your individual needs.

When you are ready, Freightways will deliver your items around the UK or Europe using our dedicated vehicles or the Palletforce Network. We will pick and pack, relabel, palletise or wrap your items if required.

Freightways

## Exceptional pallet network

### Nationwide service

Freightways is proud to partner with Palletforce, the UK's leading pallet network. Palletforce has over 120 depots across the UK as well as Europe's largest SuperHub. Over the last 20 years, Palletforce has delivered nearly 50 million pallets of freight for customers of all sizes.

### Local expertise

Freightways is your local depot for pallet movements. We will collect your goods from any location in the UK and Europe, and transport it through Palletforce network.

Why not ask us for a quote?

## General haulage

Freightways offers full UK and international haulage, from a single pallet through to a full container load. Every port in the UK is covered, from our local port of Southampton to Felixstowe, London Gateway, Tilbury, Bristol, and Liverpool.

Freightways also serves the main rail heads in the UK.

Our network of vehicles will ensure that your cargo is delivered to its destination within the allocated time period.

Freightways vehicles are satellite tracked so that you can find out the location of your cargo at any given time.
