**620,000 sq ft SuperHub**

## How does it work?

### 1. Choose your delivery size

From a quarter pallet to a full load, we offer maximum flexibility for consignments of various sizes.

### 2. Choose your service option

Our service options range from next day by 10am to economy, we offer timed services and Saturday deliveries.

### 3. Book easily online

Contact your local Palletforce member or account customers can book easily using our online portal.

### 4. Live tracking and delivery notifications

Stay in touch with your freight using our live tracking tools, Pallet Selfie images and a range of real-time delivery notifications. Instant electronic proof of delivery and delivery location.

## Why choose Palletforce?

### Nationwide coverage

Collecting and delivering to every UK postcode every day, we connect businesses and help power the UK economy.

### Sustainable distribution

Our model ensures our trucks run fully loaded for as long as possible, helping reduce unnecessary miles, fuel and emissions.

### Unrivalled visibility

Live updates, real-time tracking, Pallet Selfie images and delivery notifications.

### Complete flexibility

Allowing you to benefit from economies scale and premium service to compete with larger organisations.

### International connections

With a range of services across the UK, Ireland and Europe, we enable trade by connecting businesses to overseas customers.

### Patented technology

We are the only express network with patented technology to weigh, scan and photo every pallet of freight.

### Full control

Our bespoke and award-winning Alliance system seamlessly controls the end-to-end delivery lifecycle.
