

● ● ● We can help!

Freightways provides a comprehensive range of haulage and logistics services – from van to full load deliveries, container haulage, and general distribution to warehousing, storage, and pallet network solutions.

We also handle abnormal loads, reefer services, pick and pack operations, and offer full loading, unloading, and stock management facilities to meet every transport need. Our sustainable fleet of Euro 6 compliant vehicles ensures efficient, environmentally responsible operations.

Whatever your haulage or logistics requirements, Freightways delivers a complete, reliable solution tailored to your business.

...

The full package

At Freightways, we pride ourselves on our unloading, loading, and warehousing skills. We have a highly experienced team who can handle any kind of goods from handballs to pallets, vehicles, and abnormal loads.

Freightways offers many different and secure storage options. Your goods are safe with us. We can personalise your quote to meet your individual needs.

When you are ready, Freightways will deliver your items around the UK or Europe using our dedicated vehicles, The Pallet Network or Palletforce. We will pick and pack, label, palletise, and wrap your pallets as required.

Exceptional pallet service

Nationwide service

Freightways is proud to partner with The Pallet Network and Palletforce, two excellent pallet networks.

We provide pallet collections in the GU and SO postcode areas, and pallet deliveries UK and Europe-wide.

Local expertise

Freightways is your local depot for pallet movements. We will collect your goods from any location in the UK and Europe, and transport them through our trusted partners.

Why not ask us for a quote?

General haulage

Freightways offers full UK and international haulage, from a single pallet through to a full container load. Every port in the UK is covered, from our local port of Southampton to Felixstowe, London Gateway, Tilbury, Bristol, Liverpool and beyond.

Freightways also serves the main rail heads in the UK.

We always endeavour to deliver your cargo to its destination within your allocated time period.

Freightways vehicles are tracked remotely so that you can find out the location of your cargo at any given time.
