WHAT YOU NEED TO KNOW...

How it All Works

- **When you arrive - Students will go directly to the photographer to be photographed**
 - o All students will be photographed individually and are to be photographed regardless of whether or not they are placing an order
 - **A class photo just isn't a class photo without the whole class in it!**
 - o Class photos are made up of those individual photographs – no need to wait around for a group photo!
- **There are NO order forms to be filled out...**
 - o Everything is done electronically on site at the Sales Counter
- **To expedite the process, on-line ordering or proofs are not services we provide**
 - o We choose the best image of each student
 - o **Orders must be placed and paid for on the day of the shoot** so that we can process the orders, and return the photos to you quickly
 - o We accept **cash, Visa, MasterCard or Debit** although, at this time, we prefer debit or credit. Cash will be accepted but, there will be no change provided. Please come with exact change. We thank you for understanding!

The Ordering Process

- Taxes are included in the prices shown within the attached "Product Price Menu"
- Parents simply see the cashier and advise what items they would like to order!
- Orders are returned to the studio within 3-4 weeks and the studio will distribute
