

Community Partnership Program for the 2022 – 2023 School Year

Who we are: The Madden PTO is composed of parents, teachers and community partners like you! Our initiative is to enrich the lives of our students and members of our community through fundraising, volunteer opportunities and building relationships that will support future educational programs at Madden.

Why should you partner with us? Your support will help us to fulfill our mission of establishing a strong network of parents, teachers, and community partners that work with the current CVME administration to help fund projects that benefit Madden students and teachers this school year and for years to come.
