Letter of recommendation for Jennifer Lauxman McCorkell

To whom it may concern,

The National Museum of Rural Life hired Jennifer during both the school holidays and at our Woolly Weekend event to provide an interactive and educational spinning demonstration.

Jennifer has a wealth of in-depth knowledge of textile/spinning as well as a great ability to engage with visitors of all ages. She not only created and facilitated a number of popular sessions for us but also suggested contacts, ideas and links to our collections which helped us plan further events and workshops.

Enthusiastic, knowledgeable and reliable, I would highly recommend Jennifer's services to any organisation looking for an engaging and gifted exhibitor.

Kind regards

Nicki Bray
