TO WHOM IT MAY CONCERN

On behalf of the Viking Festival Board I am pleased to provide a reference for Jennifer Lauxman McCorkell who provided a medieval demonstration of weaving at Largs Viking Festival.

Jennifer is extremely knowledgeable about the craft of weaving and had excellent examples of the materials needed which she has gathered over a number of years. Her demonstrations drew great interest from visitors to the Festival and her friendly and approachable manner led to excellent feedback. The fact that Jennifer dressed in medieval costume and went out of her way to give visitors a hands-on experience of weaving was particularly appreciated.

The Festival Board found Jennifer to be a pleasure to work with as she deals with all matters in a very professional manner and was more than willing to co-operate with change as a suitable venue was sought.

There is no doubt that Jennifer's contribution to our Festival was extremely well received and the Board has no hesitation in commending and recommending her for similar work. We wish her well in her endeavours.

Yours sincerely,

Linda L. Young
Festival Secretary
