MOBILE SERVICE AVAILABLE

A

GIANT JENGA GAME (2 HOURS)

\$219

- ✓ Each person is assigned a paint color and given oversized wooden Jenga blocks to paint.
- ✓ Each person will then use acrylic paint markers to write a descriptive word unique to them on each side of the block, for example, personal strengths, weakness, special skill, family and personal values, personality type, etc
- ✓ The game is then played together as a team using all the blocks. When joined, it becomes a metaphor: everyone is unique, but we work best when connected..

B

COLLABORATIVE CANVAS = HIGHLIGHT YOUR VISION (3-4 HRS)

\$349

- ✓ Everyone paints a section of a large 2;x4; framed wooden panel that joins into one cohesive mural
- ✓ Each person starts their own "square," then rotates every 5 minutes to build on someone else's.
- ✓ Or choose a loose pre-outlined theme highlighting a custom message for your vision or choose from one of our other many messages
- ✓ The final piece hangs in the workplace—a visual reminder that each person's creativity contributes to the big picture.
