## **10 Commandments of Service**

### **Practitioners, Educators and Researchers**

- Support and empower your client as heart centered partners in their health journey.
- Operate with high standards of care and ethics.
- Treat equally regardless of race, age, nationality, sex, religious affiliation, sexual orientation, health status or life situation.
- Support the client's best interests in any and all decisions.
- Speak the truth in all your communication.
- Be transparent in your service without conflict of interest.
- Always maintain healthy boundaries.
- Work in partnership with the health care system.
- Ask permission and describe your services including charges before providing care.
- Document services as required by training, laws and license.
