STYSA CODE OF ETHICS

PARENT'S CODE OF ETHICS

Preamble

As a parent I play a special role in contributing to the needs and development of children. Through my encouragement and good example, I can help assure that all the boys and girls learn good sportsmanship, and self-discipline. In soccer young people learn to work together, to sacrifice for the good of the team, to enjoy winning and deal appropriately with defeat – all while becoming physically fit and healthy. Best of all, they have fun.

Support Your Child

Support your child by giving encouragement and showing interest in their team is very important. Help my child work toward skill improvement and good sportsmanship in every game. Teach my child that hard work and an honest effort are often more important than victory – that way your child will always be a winner despite the outcome of the game!

Always Be Positive

Parents serve as role models for their children. Become aware of this and work to be a positive role model. Applaud good plays by your child's team as well as good plays by the opposing team. Support all efforts to remove verbal and physical abuse from youth sports activities.

Remember That Your Child Wants to Have Fun

Remember that your child is the one playing soccer, not you. It's very important to let children establish their own goals – to play the game for themselves. Take care not to impose your own standards and goals on them. Children play for the fun of playing.

Reinforce Positive Behavior

Positive reinforcement is the best way to help your child achieves their goals and their natural fear of failure. Nobody likes to make mistakes. If your child does make one, remember it's all part of learning, so encourage your child's efforts and point out the good things your child accomplished.

Don't Be a Sideline Coach or Ref

Coaches and referees are usually parents just like you and they volunteer their time to help make your child's youth soccer experience a positive one. They need your support too. That means refraining from coaching or refereeing from the sidelines. As a volunteer organization, there's usually always an opportunity for you to take your interest in coaching or refereeing to the next level and become one yourself!

PLAYER'S CODE OF ETHICS

I will play soccer for the enjoyment of game. I will show respect to all involved in the game:

- (a) Referees
- (b) Coaches
- (c) Parents and spectators

And most of all to the players, both on my team and the opposing team, for without the other players, the game would not be played.

I will conduct myself with dignity and obey the laws of the game.

COACH'S CODE OF ETHICS

I coach because I want to help young people mature into well adjusted, productive adults with strong character and because I want these young people to get a proper exposure to the fun and exciting game of soccer. In short, I want them to enjoy soccer and sport and to grow up well.

- (a) My actions and personal manner will be a good example for young people to follow.
 - I will treat all players, coaches, administrators, parents and referees with the respect and courtesy I desire for myself.
 - Any dissatisfaction I want to express will be stated in a private forum and in a restrained and civil manner.
 - I will respect and honor the beliefs and sensitivities of all players, coaches, parents, administrators, and referees.
- (b) No matter how selected, I recognize that all players on my team have value, both as players and as a person.
 - If I select players for a competitive or select team, I will do so recognizing that players are on the team to play, not to watch.
 - If I am assigned players for a recreational team, I recognize that all signed up to play and have fun and, except for health or disciplinary reasons, I am committed to playing each player more than fifty percent of the game and in a manner that seems fair to all players and parents.
 - As a coach it is not appropriate for me to teach the players that "life is not fair"; they will learn enough of that on their own. My job is to make the soccer part of their life as fair as possible, no matter what the level of competition.
- (c) I will be prepared for each game and practice.
 - For practices I will have a practice plan that efficiently uses the time available and teaches the players important skills and strategies for the game of soccer.
 - For games I will have a game plan that will utilize the talents of all my players to the utmost while insuring that each player feels needed and respected.
- (d) I will be an encourager, not a discourager.
- (e) I will follow all the Laws of the Game and will abide by all the administrative procedures of my Club, local association, South Texas Youth Soccer Association, United States Youth Soccer, and the United States Soccer Federation.
- (f) I will do my best to make soccer the fun game for all.

CONFLICTS OF INTEREST

Conflicts of interest arise when one expects some consideration not specifically deserved and not generally available to others in an area of special interest. Special interest does not in and of itself indicate a conflict of interest. If one profits from the special interest situation, but in a way for others to also benefit, there may not be a conflict of interest. The conflict of interest occurs when one individual, or a select group of individuals, profits from the special interest situation in a way not deserved and not available to others, and possibly to the detriment of others.

Areas of special interest for volunteers in youth sports organizations, such as the local soccer Club, include treatment and promotion of

- The volunteer's own child
- The volunteer's team, or the team on which the volunteer's child plays
- The volunteer's Club
- The volunteer should endeavor to avoid all reasonable appearances of conflict.

Such instances of potential conflict certainly include, but are not limited to

- Promotion of a single player at the expense of others
- Promotion of one team or Club to the detriment of others and not based on fair play competition.

Possible inappropriate inducements include monetary or other valuable gifts, special treatment, and other possible considerations. The volunteer coach could unfairly promote his or her own child. The administrator can put his or her child on a team in violation of Club rules and regulations. The referee assignor can give the best referees to favored teams and the worst to teams he or she dislikes.

The motto "The Game for All Kids" should be helpful in sorting through potential conflicts of interest. This is not the game for coaches, for trainers, for promoters, for profit, etc.; it is "the game for all kids."

Adopted as STYSA Policy by the STYSA Governing Board, July 21, 2002.

WELCOME TO BAYSA

The Bay Area Youth Soccer Association (BAYSA) is a member association of the South Texas Youth Soccer Association (STYSA) and resides in its Eastern District. BAYSA manages the competition and gaming of teams in developmental, recreational, and competitive divisions for its Clubs. The BAYSA Executive Board is available to assist Clubs in these efforts; however, we ask you utilize resources within your own Club before seeking assistance from the home association. We suggest:

- Contact your home Club officer.
- Club officer contact Club president, if needed.
- Club president then contacts appropriate BAYSA officer.

Parents, coaches, and others should contact their own Club officers for assistance, In any case, please remember that no soccer business should be conducted before 9:00 a.m. or after 9:00 p.m. regardless of the urgency, and as a courtesy, no contacts should be made to a work place. Our association and Club officers are volunteers who generously give their time and expertise to support our youth soccer program.

This handbook is not intended to be exclusive; rather, it should be used as a supplement. We try to keep the information timely and accurate, but, there may be delays between official publication of the materials from the state, national, or other related associations and/or offices, and its appearance or modification in the *BAYSA Handbook*. As a reminder, published schedules and calendars are subject to change.

US Youth Soccer...The Game for ALL Kids! ®

ZERO TOLERANCE OF SIDELINE MISCONDUCT AND REFEREE ABUSE

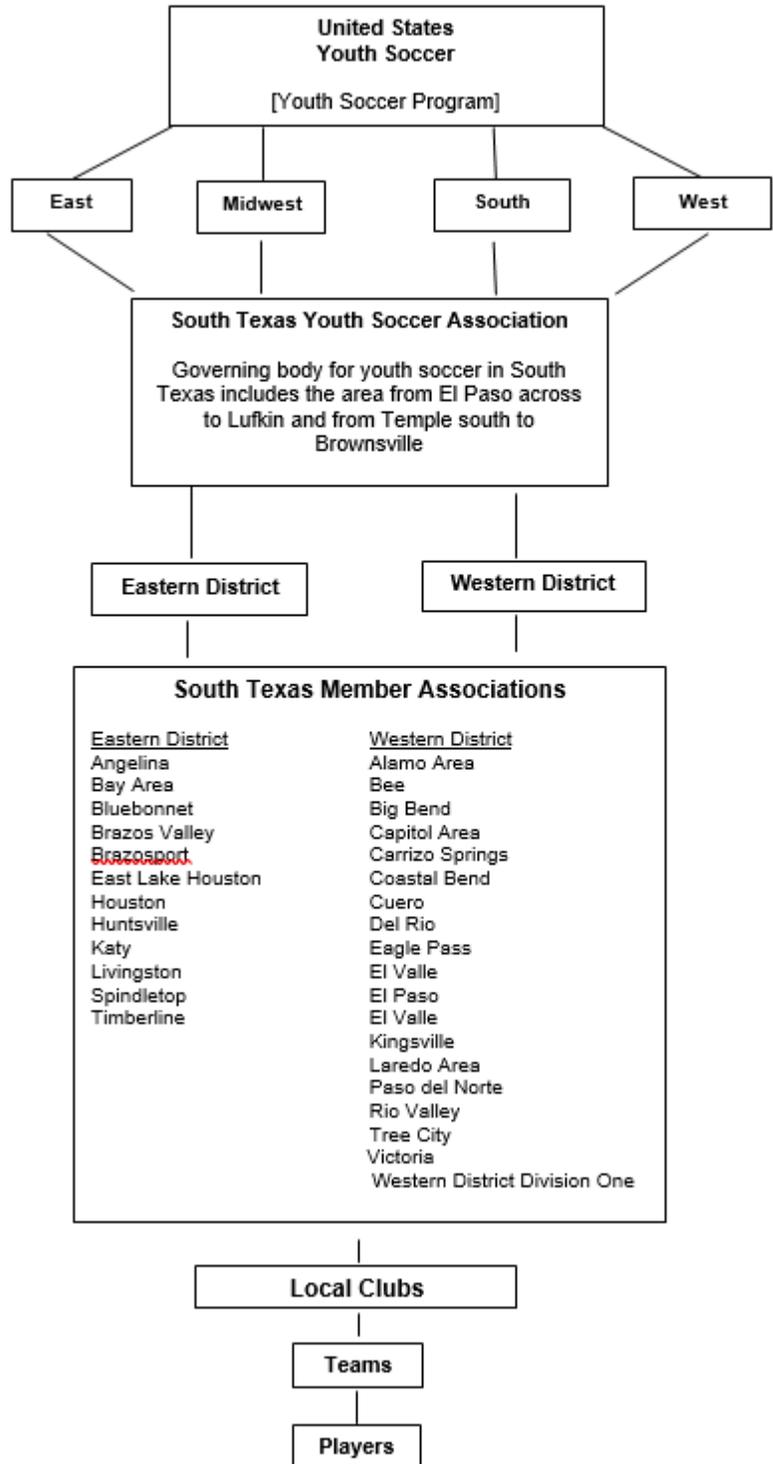

BAYSA has adopted a **zero tolerance of sideline misconduct and referee abuse** for spectators. Referees will stop the game, bring both coaches together, and give them a warning for spectator misconduct and abuse. The second time this occurs, referee will end the game. Coaches need to take responsibility and be accountable for management and control of sideline behavior. Referees will need to document concerns and issues so the association's D&P can address problem areas. Referee assault (verbal or physical) could result in a ban from soccer.

BAYSA WEBSITE

The BAYSA website is located at www.baysa.org. This website brings together Association information on administration, the calendar, the *BAYSA Handbook*; links to local, state, and national soccer interests; maps, skills, and forms.

FIELD CLOSURES AND RAINOUTS

Each member Club controls the use of fields within their boundaries. Only the Club president (or designated board member) can close Club fields before the start of regularly scheduled BAYSA game times. If a significant number of BAYSA member Clubs close all fields, the BAYSA Executive Board will evaluate whether to cancel the entire Association's weekend game schedule. Finally, if there is an impending weather threat or condition that would affect the entire BAYSA area, the BAYSA Board of Directors has the authority to announce a complete shutdown of the entire Association's weekend game schedule. If BAYSA finds it necessary to cancel the entire weekend's schedule, each Club president will be notified to inform his/her Club's coaches by a BAYSA Executive Board member.

Rainouts: Update the Statusme.com as soon as possible. Immediately contact the BAYSA Scheduler and the Referee Assignor.

 - b. No player, including the goalkeeper, will be dressed like the referee.
 - c. All goalkeepers must have a jersey that contrasts with their own team and the opposing teams' jerseys.
 - d. Non-uniform clothing is allowed based on weather conditions, but uniforms must still distinguish teams, e.g., jersey is worn on the outside.
 - e. Bandannas of any style may not be worn during any game. Players may not wear a bandanna on their head, legs, or arms.
 - f. It is mandatory that all players' jerseys be numbered with a 6" to 10" number with exception of the goalkeeper, and each player wear the same number throughout the game. Each player jersey must have a number different from every other player jersey on their team.
 - g. No players will be allowed to play with a hard cast (plaster, plastic, or fiberglass), padded or otherwise.
 - h. No player will be allowed to play with any brace (knee or otherwise) that contains exposed metal or hard plastics, unless it is wrapped with a minimum of ½ inch high-density foam wrapping or the manufacturer's recommended protective coating.
 - i. The player's equipment must conform to FIFA.
 - j. Socks must cover shin guards.

- k. No jewelry of any type will be permitted during a game. Medical bracelets or necklaces may be worn provided they are taped to the skin with the medical condition displayed.
- j. Hair clips, that the referee determines may be dangerous to the players, will not be allowed to be worn during a game.
- k. No alcohol, sexually oriented business, or tobacco product advertising will be permitted on player uniforms.
- l. No player names are allowed on uniforms.
- m. Knee pads and elbow pads are permissible.

C. Game Scoring Forms and Game Procedures

1. A game report card from the STYSA official registration system for the game must be printed.
2. Numbers for each participating player must be provided on the game report card.
3. The player/coach suspension form for any player or coach serving a suspension will be completed prior to the game and submitted by the coach to the home scorekeeper just like a game report card.
4. The game report card (and suspension form) must be given to the referee prior to game time so that the opposing coach can review and sign the forms.
5. All players must present an official identification card to the referee prior to participation in any BAYSA sanctioned event. All registered coaches and assistant coaches will present an official Adult Participation Pass to the referee prior to participation in any BAYSA sanctioned event. Playing a game without a valid BAYSA ID card or with an improper ID card will result in a game forfeit unless otherwise directed by the D&P Committee. This decision may be appealed to D&P within 72 hours of being posted on the website. In absence of a registered coach, substitute coaches will be allowed with a photo ID. The referee will check all ID cards and note on the game report card any player whose member pass (ID card) is not properly prepared.
6. If the referee decides that a color conflict exists and providing the visiting team is wearing its official team uniform, the home team must change jerseys. If the visiting team is not wearing its official colors and a color conflict exists, then the visiting team must change.
7. The referee will complete and sign the game report cards after the game. The center referee will give the game report card to the BAYSA field marshal or referee coordinator.
8. Refer to Scorekeeping (Section V) for additional information including information on game cards.

D. Minimum Play

1. BAYSA requires significant participation in each game by each eligible player. Coaches must make every effort to play each eligible player present at a game one-half of the game unless unable to do so due to player's illness, injury, or for disciplinary reasons. This rule applies to all games (tournaments, seasonal, or post-season play) at the Division II, III, and IV levels of competition. Policy for Super 2 and Division I competition is determined by their respective governing bodies.
2. Playing time is not a matter of protest by an opposing team. If a problem develops regarding playing time within a Club or on a specific team or Club, then the assistance of the BAYSA D&P Chair should be requested to help resolve that problem.

E. Sideline Coaching and Behavior

1. When teams occupy the same side of the field, it is the home Club's responsibility to choose and designate which end of the field to occupy. Each team is allowed a maximum of three coaches/assistant coaches and these individuals must be designated on the game card. Coaching will be allowed only from this side and only from the midfield line to the top of the penalty box on the team's end of the field. All other spectators will be placed on the opposite side of the field. Also, team members will be restricted to the area between the midfield line and the top of the penalty box on the team's end of the field.

2. For games that have both teams positioned on the same side of the field, the spectators will be positioned opposite the team they are supporting between the mid-field line and the top of the penalty box. They may not go beyond the mid-field line into the other spectator section to cheer for their team.
 2. Sideline coaching of players on the field during a game will be permitted by coaches only from their side of the playing field, along the touchline, and between the penalty boxes. Excessive coaching may be limited by the referee no matter where the source is located.
 3. All persons except coaches are required to stay 6-feet back of the touchlines.
 4. No verbal abuse or game interference will be allowed regardless of source. The game may be stopped and the outcome referred to the D&P Committee if such actions continue after a warning from the referee.
 5. A coach will be warned or sent off for the actions of the sideline spectators (parents, friends, etc.). If, in the judgment of the referee, that the coach is without fault in the excesses of these sideline spectators, and if those persons so ordered have left the area, then the referee may permit the coach to remain on the sideline in his coaching capacity. Coaches are reminded that the referee is under no obligation to permit them to remain in a no-fault situation. This rule merely gives the referee the flexibility to allow the coach to remain if the referee judges the coach to be without fault. The referee will file the usual misconduct report concerning the incident, making note of the specific actions/conduct of the coach during any such incident for the records of the D&P Committee. The coach of record for the team for that game will serve any suspension that result from a sideline spectator's send-off by a referee).
 6. Any person excluding rostered players who receives two (2) red cards during BAYSA league play will be referred to the BAYSA D&P Committee action before the suspended person can be reinstated.
- F. Forfeits. Any of the following will result in forfeiture of a game.
1. Fielding an ineligible, illegal, or suspended player. "Fielding" is defined as a player dressed and ready to play. The coach will be subject to indefinite suspension by BAYSA and the team will forfeit all games in which that player participated.
 2. The playing of a boy or girl outside the age limits of his/her team (except for players with approval to play up or down) will result in the forfeit of all games in which said player participated.
 3. A suspended coach or spectator appearing at a game. A player and/or coach who has not served a suspension and appears at a game in a playing or coaching capacity is ineligible and such appearance will result in a BAYSA D&P hearing that may result in sanctions up to and including suspension.
 4. Failure to field a team with a minimum number of players per STYSA within 15 minutes of either side of the scheduled starting time of the game according to the referee's watch. Any team who forfeits two (2) regular season games for any reason other than administrative forfeits (no game report or by D&P) will not be eligible for any BAYSA or STYSA post season play
 5. The appropriate team not changing jerseys when a color conflict exists. Color conflict is to be determined by the referee.
 6. Falsification of a game report.
 7. Any team which receives a total of 27 discipline points during one game will forfeit said game by a score of 3-0 unless the score was more favorable for the winner when play was stopped, in which case the existing score will be declared the final score. All play will cease with the third ejection and all players required to leave the field. Final judgment of forfeits resides with the D&P Committee.
 8. Failure to play any scheduled 10U and under game due to lack of a center referee. Forfeiture of a game may occur at any time before the end of the season and grounds for forfeiture may be brought to the attention of the D&P Committee by any responsible individual affiliated with the Association or a team involved in the game in question.

9. Any game, 9U and older, that is abandoned because of spectators or unauthorized players or coaches entering the field of play, will result in a forfeit for the team whose spectators or unauthorized players or coaches entered the field. If the abandonment was due to teams' spectators, unauthorized players, or unauthorized coaches entering the field of play, the game will be scored as a double forfeit. Teams involved in the game abandonment will be automatically suspended and the game will be referred to the BAYSA D&P Committee.

G. Game Protest

If a coach intends to protest a game, he/she must make this intention known before leaving the field, i.e., the coach must notify both the referee and the opposing coach before leaving the field. A game cannot be protested on a referee's judgment call. A game may be protested for the following reasons.

- An error in applying the laws of the game by the referee.
- A team playing an ineligible, illegal, or suspended player or players.
- A suspended coach at the field coaching the team. This does not mean that the coach must follow through with the protest. It gives notification of his intentions at this time and allows the referee the opportunity to write a usable game report. All protests must be postmarked or emailed to the Club D&P Representative on the D&P Committee by 6 p.m. Tuesday following the scheduled game from which the protest arises.

Any protest relating to late starts, the grounds, goal post, bars, or other appurtenances will be entertained for consideration only if an objection has been lodged with the referee in writing prior to the start of the game on the official team line-up sheets. This protest must also be verbally communicated to the manager/coach of the opposing team as well as the game referee.

All questions relating to the qualifications of competitors, interpretation of the rules, or any dispute, will be referred to the BAYSA D&P Committee. The initial contact for any dispute or protest will be coach. The Club's D&P Representative will advise and coordinate the filing of any dispute or protest to the BAYSA D&P Committee and inform the Chair of the BAYSA D&P Committee of said dispute or protest. The BAYSA D&P Committee will convene on the dispute or protest as soon as it is possible. Decisions of the D&P Committee will be binding on all involved parties unless appealed. For subsequent appeals, refer to the *STYSA Administrative Handbook*.

To be valid and eligible for consideration, each protest filed with the D & P Committee must be submitted in writing or by email to the Club D&P Representative along with any supporting documentation.

If the D&P Chair determines that a hearing is required for a filed protest, the coach will submit a \$300 fee for that hearing, payable to BAYSA.

1. Upon receipt of the written protest and fee, the BAYSA D&P Chair will call a meeting of the BAYSA D & P Hearing Committee within seven days or as soon as possible.
2. If the protest is sustained, the protest fee will be returned.
3. Any decision of the BAYSA D&P Hearing Committee may not be appealed.

The BAYSA D&P Hearing Committee has the right to call any or all involved parties to their hearing for testimony, or they may ask for written statements in advance. In any case, they will rule at the end of their deliberations. As a courtesy to all participants hearing, processes will not extend beyond 10:00 p.m.

H. Grievance Procedure

A grievance may be filed for disciplinary action, not for changing the outcome of a game. The proper procedure is as follows.

1. Contact your local Club D&P Representative of your intent to file a grievance.
2. Grievance will be directed to the BAYSA D&P Chair by your local Club D&P Representative.
3. The BAYSA D&P Chair will review grievance and at his/her sole discretion take whatever action is deemed appropriate. At a minimum, all such letters will be acknowledged. Such additional action may include:
 - No action required.
 - Call a hearing of the Association D&P Hearing Committee.
 - Any other action the BAYSA D & P Chair deems appropriate.
4. Any decision of the BAYSA D&P Hearing Committee may be appealed. The first level of appeal is to the STYSA D&P Committee. This must be handled in a manner similar to an initial grievance, with a new fee deposited, and the circumstances detailed in writing by the appealing party. For fees and the STYSA appeal process, refer to the *STYSA Administrative Handbook*.

I. Suspensions and Probations.

1. Member Clubs may institute their own suspensions or probation procedures, but any player or coach who so desires may appeal in writing a suspension/probation by his/her Club to the BAYSA D&P Chair upon deposit of the current Association fee which will be returned if the appeal is upheld.
2. Any Club enforcing disciplinary action taken on a player or coach must advise the BAYSA D&P Chair, in writing, of its action.
3. A player or coach suspension form will be subject to the same rules and penalties as a missing or late BAYSA game report.
4. Any player or coach suspension form received after ten (10) days will result in a game forfeit, but the suspension served will be acknowledged.

J. Disciplinary Point System.

1. STYSA requires member associations to maintain records on cautions and ejections issued during the Association's sanctioned competitions. STYSA also requires member associations to report these records to STYSA for all teams desiring to participate in any STYSA sanctioned competitions (state, regional, or national levels).
2. In keeping with US Youth Soccer procedures, referees will not actually show warning and/or ejection cards to coaches.
3. Any physical contact with a referee or assigned neutral linesperson by a player, coach, or spectator, documented in a referee's report, will result in an immediate BAYSA suspension, pending review by the STYSA D&P Committee.
4. Each player or coach sent off (red carded) as noted on the home game report card before, during, or after a BAYSA sanctioned game (regularly scheduled or rescheduled game) will serve the game suspension in the next game (regular scheduled or rescheduled game). A suspension form for any player or coach that is to serve a suspension for this game must be given to the referee with the game report. Game suspensions will carry over to the next year if not satisfied in the current seasonal year. Each player or coach cautioned (yellow carded) before, during, or after a BAYSA sanctioned game (regularly scheduled or rescheduled) will be assigned discipline points as above. A one game suspension will result for each 9-points (discipline points) accumulated by a player or coach as a result of cautions (yellow cards). It is the responsibility of the coach to track all cautions and execute the game suspension at the next game (regularly scheduled or rescheduled). A suspension will be considered served when a properly completed player or coach suspension form is submitted to the Club scorekeeper and received by the BAYSA D&P Chair.

5. Any player or coach receiving penalty points must follow the STYSA progressive penalty point system outlined in the *STYSA Administrative Handbook*.
6. Cards issued at tournaments are not reported to the BAYSA D&P Committee.
7. Team Penalty Points. Any team that receives a total of 75 penalty points will be suspended and must apply with the BAYSA D&P Committee for reinstatement. (March 2008).

K. Reschedules, Inclement Weather, and Field Closures

1. Regularly scheduled games can only be postponed or rescheduled because of (1) inclement weather or conditions, (2) other sanctioned BAYSA soccer activities, or (3) lack of center referee for Division II and Division III 11-a-side games. All teams are required to show up for all scheduled games (regular or make-up) at the field and at the time scheduled unless notified prior to the game by the team's Club president.
2. Each member Club controls the use of fields within their boundaries. Only the Club president (or designated board member) can close Club fields before regularly scheduled BAYSA game times. When this becomes necessary, the field closures and rain-out procedures as stated will be followed. The BAYSA Scheduler notifies the BAYSA Director of Referees. If a significant number of BAYSA member Clubs close their fields, the BAYSA Executive Board will evaluate whether or not to cancel the entire Association's weekend game schedule. Finally, if there is an impending weather threat that would affect the entire BAYSA area, the BAYSA President will announce a shutdown of the entire Association's weekend game schedule. If BAYSA finds it necessary to cancel the entire weekend's schedule, each Club president will be notified to inform his/her Club's coaches by a BAYSA Executive Board member.
3. If a game is declared a rain out or is stopped prior to the start of the second half, each coach involved will contact their Club. The Club will submit to the BAYSA Scheduler, within five days, a list of all games that are to be rescheduled. Games not submitted to the BAYSA Scheduler will not be rescheduled and will be submitted to BAYSA D&P Committee. The BAYSA Scheduler will reschedule the game at any available open slot. The BAYSA Scheduler will confirm all reschedules and arrange for referees, if available.
4. All postponed games must be rescheduled within 22 days of the originally scheduled date. Failure to comply with the 22-day requirement may cause the game be forfeited. If a coach has a conflict with the reschedule, arrangements must be made for someone else to coach the team.
5. The BAYSA Scheduler will have final authority in rescheduled games.
6. Once a game has started, only the referee can decide if the game is to be called because of inclement weather or possible damage to the playing field. If the game is stopped during the first half of play, the game must be rescheduled and replayed in its entirety. If the game has reached half-time or play is into the second half of play, the game will stand with the score as it is at the particular time. The referee has final authority to postpone a game because of weather and/or playing field conditions.

L. Scheduled Games and Referee Coverage.

BAYSA attempts to assign referees to all matches that the Association schedules. Occasionally, shortages of qualified personnel prevent the timely assignment of a trained referee. In that case, the association president is notified, for any last-minute assignment by the Club. To maintain the progress of the season, BAYSA has established the following instructions to its coaches.

1. All Division IV games will be played as scheduled. If a scheduled center referee does not show at game time, the procedure will be as follows:
 - a. One mutually agreed upon by both coaches to referee all the game, or
 - b. If coaches cannot mutually agree, each team will provide a center referee for half of the game.

2. For Division II and Division III games, if a scheduled center referee does not show at game time, the procedure will be as follows:
 - a. One mutually agreed upon by both coaches to referee all the game,
 - b. Each team may provide a center referee for half of the game, or
 - c. May be rescheduled due to lack of a center referee.

XI. BAYSA MODIFICATIONS TO THE LAWS OF THE GAME

The Rules of Competition for BAYSA will be the International Laws of the Game as published in the current issue of the “*Laws of the Game and Universal Guide for Referees, USSF Supplement*” as authorized by the International Football Association Board with the following modifications for BAYSA youth competitions.

For the current information, please refer the STYSA General Rules of Play for All Ages (Rule 6) in the *STYSA Administrative Handbook*.

Misconduct against referees may occur before, during and after the match, including travel to or from the match. Misconduct may occur also at later times when directly related to duties of a game official as a referee.

(A) This policy shall supersede any inconsistent rules of Organization Members that pertain to assaults or abuse upon Federation referees, assistant referees, the manner and means of hearings, appeals, and rehearings in matters pertaining thereto.

(B) Nothing in this policy rule shall be construed to restrict or limit any league, event/tournament or Organization Member from applying equal or greater restrictions to anyone not listed in section 4(a)(1) of this policy (i.e., a spectator associated with a club or team).

(C) This policy shall not apply to players, coaches, managers, club officials, or league officials while participating in Professional League Member activities.

(b) any non-licensed, non-registered person serving in an emergency capacity as a referee (under Rule 3040).

(c) any club assistant referee.

(2) "Hearing" means a meeting of at least three neutral members, one of whom is designated or elected to serve as chairman. The hearing shall be conducted pursuant to guidelines established by the Organization Member.

(3) (a) (i) Referee assault is an intentional act of physical violence at or upon a referee.

(ii) For purposes of this policy, "intentional act" shall mean an act intended to bring about a result which will invade the interests of another in a way that is socially unacceptable. Unintended consequences of the act are irrelevant.

(b) Assault includes, but is not limited to the following acts committed upon a referee: hitting, kicking, punching, choking, spitting on, grabbing or bodily running into a referee; head butting; the act of kicking or throwing any object at a referee that could inflict injury; damaging the referee's uniform or personal property, i.e. car, equipment, etc.

Section 4. Jurisdiction and Hearings

(A) General

(1) When any amateur or professional player, coach, manager, club official or game official assaults or abuses a referee, the original jurisdiction to adjudicate the matter shall vest immediately in the

- responsible Organization Member which is affiliated with the United States Soccer Federation.
- (2) When an allegation of assault is verified by the Organization Member the person is automatically suspended until the hearing on the assault.
- (3) The Organization Member must hold a hearing within thirty (30) days of the verification by the Member of the abuse or assault or, if applicable, the thirty-day period provided by subsection (B)(3) of this section. If the Member does not adjudicate the matter within that period of time, original jurisdiction shall immediately vest in the Federation's Appeals Committee to adjudicate the matter, to which the same provisions as to the term of suspension shall apply.
- (4) Failure to hold the initial hearing shall not rescind the automatic suspension.

(B) Events and Tournaments

- (1) In the event an assault or abuse of a referee occurs in an event outside the alleged offender's home state, the referee shall (A) immediately notify the Event/Tournament Chairman, and (B) forward a copy of the game report and his/her comments on the incident to the Event/Tournament Chairman.
- (2) The Event/Tournament Chairman shall have the right to immediately convene a hearing at the site of the Event/Tournament, at which the alleged offender, the coach of the alleged offender when the offender is a player and the game official should be present. Information presented at this hearing shall promptly be relayed to the alleged offender's Organization Member President by the Event/Tournament Chairman, both orally and in writing; however, failure to provide written information shall not restrict the offender's home Organization Member from taking action with regard to any referee abuse or assault.
- (3) Final jurisdiction shall vest with the alleged offender's home Organization Member. A hearing shall be held by that Organization Member within thirty (30) days of the receipt of the initial report of the abuse or assault on a referee.

(b) If a person is removed from an Event for a violation of this policy, the party may appeal as provided by Section 4, Discipline, Protest, and Grievance Procedures, of the South Texas Youth Soccer Association Administrative Handbook.

(c) No soccer match will be allowed to start or continue if there is a UAS flown above or in the immediate area of the field. The referee will have full discretion to determine the area surrounding the field.

South Texas Youth Soccer Association Open Carry Policy

(a) The open display of any firearm or weapon at any South Texas Youth Soccer Association sanctioned competition, practice, meeting, or other event, other than by a licensed law enforcement officer, shall be considered a dangerous condition such as would preclude the safety of participants, officials, and spectators.

(b) No South Texas Youth Soccer Association member association shall permit the start or continuation of any South Texas Youth Soccer Association sanctioned game, practice, meeting or event if a dangerous condition exists under paragraph (a) of this Rule.

(c) Any designated official of a member association, or in the absence of such, the referee, shall be the sole judge of whether an open display is at the competition, practice, meeting or other event.

(d) Nothing in this rule shall be construed as limiting the referee's authority to abandon or delay a match.

Adopted by the South Texas Youth Soccer Association Executive Committee: October 23, 2016

South Texas Youth Soccer Association Inclement Weather Policy

This Inclement Weather Policy applies for all South Texas Youth Soccer Association sanctioned activities. This policy is intended to be a minimum requirement; more stringent policies at local organizations or facilities may apply. Monitoring weather conditions is the responsibility of game officials, coaches, tournament directors and Club administrators. Everyone should be aware of the potential dangers posed by different weather conditions and work together to keep the players and other participants as safe as possible. It is strongly recommended that Clubs purchase weather radios and lightning detectors and have them available for on-site monitoring. Coaches may wish to consider obtaining their own weather radios and lightning detectors.

Severe Storms

Severe storms can produce high winds, heavy rain, hail, lightning, thunder and tornados. If a severe storm approaches the playing area, the safety of the players must be the number one priority for coaches and referees, and may require that the game be suspended while shelter is sought. In the event the game is suspended; all participants must clear the field immediately and seek appropriate shelter.

Lightning and Thunder

Lightning can strike up to 10 miles away from a thunderstorm. The danger from lightning can persist for 30 minutes or more after a thunderstorm has passed. The National Weather Service does not issue watches or warnings for lightning by itself; however, the National Weather Service does advise that if you see a lightning bolt and hear the thunder in 30 seconds or less, you seek shelter immediately and wait 30 minutes before resuming outdoor activity. Should a lightning detector be available, it should be monitored regularly throughout the duration of the event. Activity should be suspended so that the fields can be cleared by the time lightning reaches 10 miles away from the event location. When lightning is observed as detailed above, all soccer activity must be stopped immediately. The fields must be cleared and all participants must seek shelter in a safe place such as a car or building. Keep car windows rolled up and avoid contact with metal and other conducting materials. Avoid open structures, tents, canopies, trees, and other unprotected areas. Soccer activity shall not resume for a minimum of 30 minutes following the last lightning or thunder observed.

STYSA Inclement Weather Guidelines

Monitoring weather conditions is the responsibility of game officials, coaches, tournament directors and Club administrators. Everyone should be aware of the potential dangers posed by different weather conditions and work together to keep the players and other participants as safe as possible.

VIII. Hot Weather

Heat becomes a problem when it prevents the body from cooling itself. The hotter the body gets, the more likely it is to increase fatigue levels, develop cramps and increase the possibility of heat exhaustion and heat stroke. The hotter and more humid the weather, the faster these problems can develop. Temperatures as low as 65 degrees, with a relative humidity of 100%, can be serious. Monitor the weather, temperature, and heat index frequently. The following adjustments are recommended during hot weather:

Heat Index	Recommended Adjustments
Up to 89°	No adjustments
90° - 99°	One two-minute water break per half with running time
100° - 105°	Two two-minute water breaks per half with running time
105°+	Suspend Play

Special Guideline for TOPSoccer

If the heat index exceeds 95 degrees, it is recommended that the practice or game be suspended immediately.

IX. Cold Weather

Like heat, cold weather can become a player safety factor. Field conditions will be affected by freezing rain, sleet and snow. The ground may become frozen and unsafe for play. Monitor the weather and temperature frequently. The following adjustments are recommended during cold weather:

Temperature*	Recommended Adjustments
46° and higher	No adjustments
36° - 45°	Allow additional clothing as detailed below
30° - 35°	Shorten games by 5 minutes per half Allow additional clothing as detailed below
29° and lower	Suspend games

*Temperature means the wind chill index or the ambient temperature if no wind is present (you should use the lower of the two temperatures for this purpose).

Additional Clothing

Players should be allowed to dress in appropriate clothing to accommodate colder temperatures.

Allowable Additional Clothing	Clothing Not Allowed
<ul style="list-style-type: none">• Long sleeve shirt, sweatshirt, jacket (<i>must be worn under jersey so referee can see number</i>)• Long pants, tights, leggings, sweatpants• Gloves or mittens• Stocking caps without straps• Headbands, ear warmers• Additional socks (under uniform socks)	<p>The following items present a safety hazard and should not be allowed to be worn during games:</p> <ul style="list-style-type: none">(d) Hooded sweatshirts and hooded jackets(e) Ear muffs(f) Scarves

STYSA Administrative Handbook – Section 16 – General Policies – Age Verification

Associations and Clubs may periodically audit and recertify birth dates as a best practice in maintaining databases and ensuring fair play. Coaches and parents should be aware that it may be necessary in a current season or in a future seasonal year for an Association or Club to request a review of an original form of acceptable birth verification documents for re-verification purposes. Please review STYSA rule 3.2.8 or the STYSA Registrar's Manual for the current list of acceptable birth verification documents.

For inter-Club or inter-association age verification requests, the requestor must submit an Age Verification Request Form to STYSA Membership Services. All age verification requests must be received from an Eligible Adult or Registered Coach as defined in Section 3 of the STYSA Administrative Handbook. All mandatory fields on the Age Verification Request Form must be filled out for the request to be processed.

10.0 STYSA POLICY ON HEADING THE BALL

Passed July 22, 2016, effective August 1, 2016

The South Texas Youth Soccer Association (STYSA) has adopted the following recommendations from the U.S. Soccer Concussion Initiative regarding heading the ball. All players and teams participating in STYSA-sanctioned activities are subject to this policy.

- Players on U11 and younger teams are prohibited from heading the ball in practices and games. If in the opinion of the referee a player deliberately heads the ball in a game, an indirect free kick (IFK) shall be awarded to the opposing team from the spot of the offense. If the deliberate header occurs within the goal area, the indirect free kick shall be taken on the goal area line parallel to the goal line at the point nearest to where the infringement occurred. If in the opinion of the referee a player does not deliberately head the ball, then play should continue.
- Players on U12 and U13 teams shall be allowed to head the ball during games. Heading the ball in practices, for U12 and U13 players, shall be limited to a maximum of 30 minutes per week with no more than 15-20 headers per player, per week.
- There shall be no restrictions on heading the ball for U14 and older players.
- Coaches should enforce these restrictions by the age group of the team according to the specified policies.
- Referees should enforce these restrictions by the age group of the team according to the specified policies. Referees will not be assessing the age of individual players on the fields; they will enforce the policy for the age group.

WHISTLEBLOWER POLICY

Adopted by the STYSA Executive Committee – 10/17/09

South Texas Youth Soccer Association (the "Organization") requires its directors, officers, employees and volunteers to observe high standards of business and personal ethics in the conduct of their duties and responsibilities within STYSA. As representatives of STYSA, we must practice honesty and integrity in fulfilling our responsibilities and must comply with all applicable laws and regulations.

The purpose of this Whistleblower Policy is to create an ethical and open work environment, to ensure that STSYA has a governance and accountability structure that supports its mission, and to encourage and enable directors, officers, employees and volunteers of STYSA to raise serious concerns about the occurrence of illegal or unethical actions within STYSA before turning to outside parties for resolution. Notwithstanding anything contained in this Whistleblower Policy to the contrary, this Whistleblower Policy is not an employment contract and does not modify the employment relationship between STYSA and any of its directors, officers, employees or volunteers, nor does it change the fact that all employees of STYSA are employees at will. Nothing contained in this Whistleblower Policy provides any director, officers, employee or volunteer of STYSA with any additional rights or causes of action not otherwise available under applicable law.

Reporting Responsibility

All directors, officers, employees and volunteers of STYSA have a responsibility to report any action or suspected action taken within STYSA that is illegal, unethical or violates any adopted policy of STYSA ("Violations").

Anyone reporting a Violation must act in good faith, without malice to STYSA or any individual in STYSA and have reasonable grounds for believing that the information shared in the report indicates that a Violation has occurred. A person who makes a report does not have to prove that a Violation has occurred. However, any report which the reporter has made maliciously or

any report which the reporter has good reason to believe is false will be viewed as a serious disciplinary offense.

No Retaliation

No one who in good faith reports a Violation or who, in good faith, cooperates in the investigation of a Violation shall suffer harassment, retaliation or adverse employment consequences. Any individual within STYSA who retaliates against another individual who has reported a Violation in good faith or who, in good faith, has cooperated in the investigation of a Violation is subject to discipline, including termination of employment or volunteer status.

If you believe that an individual who has made a good faith report of a Violation or who has, in good faith, cooperated in the investigation of a Violation is suffering harassment, retaliation or adverse employment consequences, please contact the STYSA Compliance Officer.

Reporting Process

All directors, officers, employees, and volunteers should address their concerns relating to a Violation to any person within STYSA who can properly address those concerns. In most cases, the direct supervisor of an employee or volunteer is the person best suited to address a concern. However, if you are not comfortable speaking with your supervisor or if you are not satisfied with your supervisor's response, you are encouraged to speak to the Compliance Officer, to a designated board member or to anyone in management you feel comfortable approaching.

STYSA encourages anyone reporting a Violation to identify himself or herself when making a report in order to facilitate the investigation of the Violation. However, reports addressed to an individual within STYSA may be submitted on a confidential basis and reports may be submitted to the Compliance Officer anonymously.

Compliance Officer

A supervisor, manager and board member is required to notify the Compliance Officer of every report of a Violation. The Compliance Officer will notify the sender and acknowledge receipt of a report of Violation within five business days, but only to the extent the sender's identity is disclosed or a return address is provided.

The Compliance Officer is responsible for promptly investigating all reported Violations and for causing appropriate corrective action to be taken if warranted by the investigation.

The audit committee of the board of directors is responsible for addressing all reported concerns or complaints of Violations relating to corporate accounting practices, internal controls, or auditing. Therefore, the Compliance Officer must immediately notify the audit committee of any such concern or complaint. In addition, if the Compliance Officer deems it appropriate, the Compliance Officer may advise the Executive Director or the audit committee of any other reported Violations. The Compliance Officer has direct access to the board of directors and is required to report to the board of directors at least annually on compliance activity.

STYSA PROHIBITED CONDUCT POLICY

Adopted by the STYSA Executive Committee: May 16, 2018

This Policy applies to all South Texas Youth Soccer Association (STYSA) Board of Director members and employees and extends to all of our operations. This Policy also applies to conduct by any subcontractor, supplier, customer or third party and their employees in their dealings with STYSA employees.

South Texas Youth Soccer Association is committed to maintaining a work environment that is free from all forms of discrimination, including harassment, on the basis of any legally protected status. Accordingly, STYSA does not permit any form of unlawful harassment, discrimination or intimidation against its employees by anyone, including managers, supervisors, co-workers, executives, directors, officers, other employees, vendors, clients, customers or third parties. Protected status includes race, color, age, religion, marital status, sex, ancestry, national origin, citizenship, veteran's status, pregnancy, disability, sexual orientation, protected activity, or any other characteristic protected by federal, state or local law. The policy also prohibits harassment on the basis of the protected status of an individual's relatives, friends or associates.

STYSA is also committed to maintaining a work environment that is free from all forms of child sexual abuse, sexual misconduct, bullying and hazing.

Any violation of this Policy by an employee may subject the employee to disciplinary action. Appropriate action also will be taken against any subcontractor, supplier, or customer found in violation of this Policy.

X. Prohibited Conduct:

Harassment

Harassment consists of unwelcome conduct, whether verbal, physical or visual, that is based upon a person's protected status. STYSA will not tolerate harassing conduct that affects tangible job benefits, that unreasonably interferes with an individual's work performance, or safety, or that creates an intimidating, hostile, or offensive working environment.

Among the types of conduct prohibited by this policy are epithets, slurs, negative stereotyping or intimidating acts based on an individual's protected status and the circulation or posting of written or graphic materials that show hostility toward an individual because of his or her protected status.

Prohibited conduct can also include jokes, kidding, or teasing about another person's protected status. While harassing conduct is unlawful only if it affects tangible job benefits and/or interferes unreasonably with work performance and creates an abusive or hostile work environment, this Policy forbids harassing conduct even when it does not rise to the level of a violation of law.

XI. Sexual Harassment

Sexual harassment deserves special mention. Unwelcome sexual advances, requests for sexual favors, and other verbal, written, or physical conduct of a sexual nature constitute sexual harassment when:

- submission to such conduct is made either explicitly or implicitly a term or condition of the individual's employment;
- submission to or rejection of such conduct by an individual is used as the basis for an employment decision affecting that individual; or
- such conduct has the purpose or effect of unreasonably interfering with an individual's work performance and creating an intimidating, hostile, or offensive working environment.

Sexual harassment may involve individuals of the same or different gender. It may also occur between individuals of any employment status.

Examples of conduct which may constitute sexual harassment and are prohibited by this Policy include, but are not limited to

- unnecessary touching, patting, hugging, pinching, or brushing against a person's body;
- staring, ogling, leering, or whistling at a person;
- continued or repeated verbal abuse of a sexual nature;
- sexually explicit statements, sexual flirtations, advances, propositions, subtle pressure for sexual activity, comments, questions, jokes, or anecdotes;
- graphic or degrading comments about a person's clothing, body or sexual activity;
- sexually suggestive objects, cartoons, posters, calendars, or pictures in the workplace;
- suggestive or obscene letters, notes or invitations;
- harassing use of electronic mail, electronic or instant messaging, or telephone communication systems; or
- other physical or verbal conduct of a sexual nature.

STYSA prohibits managers and supervisors from threatening or insinuating, either explicitly or implicitly, that an employee's submission to or rejection of sexual advances will in any way influence any personnel decision regarding that employee's wages, assigned duties, advancement, evaluation, shifts, career development, or any other condition of employment.

Racial, Religious, or National Origin Harassment

Racial, religious, or national origin harassment deserves special mention as well, and is expressly prohibited by STYSA. Racial, religious, or national origin harassment includes any verbal, written, or physical act in which race, religion, or national origin is used or implied in a manner which would make a reasonable employee uncomfortable in the work environment or which would interfere with the employee's ability to perform the job.

Examples of race, religious or national origin harassment may include, but are not limited to:

- jokes, which include reference to race, religion, or national origin;
- the display or use of objects or pictures which adversely reflect on a person's race, religion, or national origin; or
- use of pejorative or demeaning language regarding a person's race, religion, or national origin.

Child Sexual Abuse

Any sexual activity with a child is prohibited. This includes sexual contact with a child that is accomplished by deception, manipulation, force or threat of force, regardless of the age of the participants, and all sexual interactions between an adult and a child, regardless of whether there is deception or the child understands the sexual nature of the activity.

Sexual Misconduct

Any sexual interaction between an employee and an individual with evaluative, direct or indirect authority is prohibited. Such relationships involve an imbalance of power and are likely to impair judgment or be exploitative. This section does not apply to a pre-existing relationship between two spouses or life partners.

XII. Bullying

Intentional, persistent and repeated pattern of committing or willfully tolerating physical and non-physical behaviors that are intended, or have the reasonable potential, to cause fear, humiliation or physical harm in an attempt to socially exclude, diminish or isolate the targeted athlete(s), as a condition of membership are prohibited. Bullying does not include group or team behaviors that (a) are meant to establish normative team behaviors, or (b) promote team cohesion.

XIII. Hazing

Coercing, requiring, forcing or willfully tolerating any humiliating, unwelcome or dangerous activity that serves as a condition for (a) joining a group or (b) being socially accepted by a group's members are prohibited. Hazing does not include group or team activities that (a) are meant to establish normative team behaviors or (b) promote team cohesion.

Procedures for Complaints, Investigations and Corrective Action

All employees are responsible to help assure that we avoid misconduct. No one is exempt from this Policy. STYSA cannot act to eliminate misconduct unless it has notice of the conduct. Furthermore, STYSA Board of Directors and employees are responsible to help assure that the work environment, on or off-premises, is free from harassment. All Board members and employees have an obligation to promptly report any and all allegedly harassing conduct they are the subject of, that they learn of, or that they witness. Our Policy provides for immediate notice of problems to the persons designated in this Policy so that we may address and resolve any problems as quickly as possible.

A Board member or employee must report the harassing conduct to either:

- The person to whom you report (supervisor or manager);
- Department Head;
- STYSA Legal Counsel;
- The Executive Director; or
- STYSA President.

If the employee feels uncomfortable going to his or her supervisor with the complaint, he/she must report the matter to any other member of management as designated above. This Policy does not require reporting the misconduct to any individual who is creating the harassment or discrimination.

All complaints and reports will be promptly investigated. All Board members and employees have an obligation to cooperate in any investigation of a complaint of misconduct, including providing any and all information concerning the complaint. Failure to do so may be a violation of this Policy. In determining whether an individual's alleged conduct constitutes a violation of the Policy, the investigator will impartially look at the totality of the circumstances, which includes the nature of the misconduct and the context in which it is alleged.

If an investigation confirms that a violation of the Policy has occurred, STYSA will take prompt corrective measures. These measures may include, but are not limited to, an oral or written warning or reprimand, counseling, suspension, or discharge of the employee engaging in such misconduct. Such disciplinary actions will be noted in the employee's personnel file.

STYSA's Prohibited Conduct Policy offers its employees greater protection from harassment than does the law. Consequently, employees who are found to have violated STYSA's Prohibited Conduct Policy shall be subject to corrective action, discipline or termination, even in cases where applicable laws may not have been violated and without

regard to whether the conduct constitutes a violation of the law.

An employee wishing to file a complaint outside STYSA may contact either the Equal Employment Opportunity Commission or the fair employment agency in Texas.

Confidentiality

Complaints of harassment, investigation of complaints of harassment, and any corrective action taken in response will be kept confidential, except as disclosure is necessary to perform STYSA's investigation, and to inform the alleged victim of harassment of the outcome of any investigation.

No Retaliation

STYSA prohibits reprisal or retaliation against a board member or employee for filing a good faith complaint of harassment, for supporting or assisting, in good faith, another Board member or employee in pursuing a complaint or in assisting in the investigation of a complaint. Board members and employees must report incidents of retaliation on the same basis as they are to report incidents of harassment. STYSA will not retaliate or discriminate against any employee for exercising, in good faith, any rights under this Policy. Retaliation is a violation of this Policy.

False Claims

Investigations of good faith claims may properly result in findings that include violations of the policy, no violation of the Policy, or inconclusive findings. However, any board member or employee who falsely claims sexual misconduct or provides false information in an investigation will be subject to disciplinary action, up to and including discharge.

Training and Education

All STYSA Board members and employees must successfully complete the SafeSport training or Refresher courses every two (2) years. The SafeSport training can be accessed at <https://safesport.org/training>.

Sexual Abuse or Misconduct

The investigation and adjudication of matters involving allegations or reports of sexual abuse or misconduct, or other violations of this Prohibited Conduct Policy that involve prohibited conduct that is reasonably related to and accompanies an alleged violation involving sexualized behavior by Covered Individuals are subject to the jurisdiction of the United States Center for Safe Sport ("USCSS") in accordance with the requirements of the USOC and as set forth in the USSS Bylaws or other USSS governing documents. "Covered Individuals" are those athletes who directly register with STYSA and U.S. Soccer (not including professional athletes playing with a professional league sanctioned by U.S. Soccer) and those who are appointed or authorized by STYSA to oversee those athletes; this would include coaches, administrators, medical personnel and the like. Rules and

procedures to be followed by STYSA in dealing with allegations or reports of sexual abuse or misconduct, and the enforcement of discipline or other sanctions issued by the USCSS, are set forth in the applicable SafeSport policies and disciplinary procedures of the USCSS, U.S. Soccer, and/or STYSA.

XIV. STYSA Anti-Bullying Position Statement

STYSA expects that all members of the soccer community will treat each other in a civil manner and with respect for differences. To reinforce that expectation, STYSA does not condone any form of bullying at STYSA-sanctioned activities. This commitment is a part of our efforts to provide a supportive and fun environment for players, coaches, parents, and referees. The intent is to prevent and eliminate all forms of bullying and other harmful and disruptive behavior that can impede the well-being of our members.

Any player or parent of a player who believes that the player or another player has experienced bullying or that a player has engaged in bullying is encouraged to immediately report the incident to their coach, Club, Member Association and/or STYSA. Retaliation against anyone involved in the complaint process is prohibited.

Definition of Bullying:

According to the U.S. Department of Health & Human Services and the Stop Bullying program, "Bullying is unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time."

Bullying may occur in many forms and not limited to the examples below.

- **Verbal** bullying includes teasing, name-calling, taunting, or threatening to cause harm.
- **Physical** bullying includes hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's things, or making mean or rude hand gestures.
- **Social or Relational** bullying happens when someone is left out on purpose, someone tells kids to not be friends with someone, a child spreads rumors about another kid, or a child intentionally embarrasses another child in public.
- **Cyber** bullying includes the use of electronic communication tools such as social media sites, text messages, chat and websites, typically by sending messages of an intimidating or threatening nature.
- **Hazing** takes these same activities of harassment, abuse or humiliation and uses them as a way of initiating a person into a group or a team.

Difference between Conflict vs. Bullying:

Conflict is a mutually competitive or opposing action or engagement, including a disagreement, an argument or a fight which is a normal part of human development. Bullying is one-sided, where one or more individuals are victims of another person(s) aggression, which is intended to physically or emotionally hurt the victim(s).
