

Dispatching policy

The PTSAR roster will be broken into the following classifications

Level 4

Level 4 indicates a person who has expressed interest in joining the team but has not yet completed an application and has not yet paid dues. Level 4 would never be dispatched for a search but would receive notices for meetings and trainings.

Level 3

Level 3 indicates someone who had completed and submitted an application and who's dues are current. This person has not attended a training and has not been vetted by a board member. Level 3 would generally not be dispatched to a search. This could be amended on a case by case basis at the dispatching officer's discretion but would then need to be paired with a Level 1

Level 2

Level 2 indicates someone who had completed and submitted an application and who's dues are current and has been vetted by a member of the board and has current first aid/CPR and has completed a fitness test. This could be amended on a case by case basis at the dispatching officer's discretion Level 2 would be dispatched for a search but the dispatching officer would need to make sure that there was at least one level 1 for each two Level 2 or level 3

Level 1

Level 1 indicates a MASAR certified Search Team Member. Level 1 is always dispatched for a search.
