## JAARMAYAA HAWAASA OROMOO

6212 3<sup>rd</sup> Street NW; Washington, D.C 20011

---

June 30, 2020

Michael R. Pompeo  
Secretary of State  
The US Department of State  
2201 C Street NW  
Washington, D.C. 20520

Dear Secretary Pompeo,

We citizens of the United States with Oromo heritage, and members of the Oromo Community of the Washington, DC Metropolitan Area, would like to bring to your attention a very disturbing assassination of an Oromo icon, artist Hachalu Hundessa, on June 29, 2020 in Addis Ababa. Hachalu was a prominent Oromo artist-singer, song writer and performer who was a voice for the voiceless until he was shotdead.

The government of Abiy Ahmed Ali is bluntantly attacking Oromo politicians, institutions decent voices following Hachalu's homicide.

As you know, Amenisty International is well aware of the gross human rights vilations committed in the Oromia region of Ethiopia by the government of Abiy Ahmed, the Nobeles Laurate of 2019. Amenesty International's recent extensive research published titled "Beyond Law Enforcement" has already disclosed the trend of human rights violation even though it is a tip of the iceberig given the colossal atrocieties orchestrated and executed by the Ethiopian regime.

Killings and jailings are the defining characteristics of Abiy Ahmed Alis administration as far as the Oromia region of Ethiopia is concerned. Shockingly, this ironfist rule is scalling to the ambushing public figures and jailing political leaders.

Hachalu Hundessa, a renowned Oromo singer and justice defender through his artistic works was gunned down merely for expressing his views on Oromia Media Network (OMN) a week ago.

Following the assassination of Hachalu Hundessa, the government cracked down today on Oromo Federalist Congress (OFC) leadership. Notable activist and politician Jawar Mohammed and peaceful struggle leader Mr. Bekele Gerba OFC Vicechairman are detained in unknown places in Addis Ababa. Government security forces vandalized office of an acclaimed broadcaster, Oromia Media Network, detained journalist whose details are not discovered so far. As a result, clouds of uncertainty and panic are looming across the Oromia region and around the capital city mainly because of security forces restrictions and confrontation with fans of artist Hachalu Hundessa who peacefully took to the streets to express their grievances over the murder of the artist.

We plead to the US government and international human rights groups to eye Ethiopia and put pressure on the Ethiopian regime to:

1. End extrajudicial killings of civilians and assassination of political/community leaders
2. Conduct an independent investigation into the assassination of Hachalu Hundessa
3. Release all political prisoners
4. Put an end to internet and phone line shutdowns
5. Remove the illegally imposed military command post rule in Oromia and return the army and special forces to their barracks
6. To rescind the illegal and unconstitutional extension of the term of the government and start negotiation with all political forces on the time and modality of conducting election in 2020.

Sincerely,

Jenet Adem,

Board Chairperson

Oromo community organization of Washington DC
