

Featuring 1hr PCR-free capture of cfDNA, **Point-n-Seq™ kits** are now available for **early access**:

- ❖ Targeted Sequencing (TS) Kit
- ❖ Targeted Methylation Sequencing (TMS) Kit
- ❖ Duo Kit for both TS and TMS

See performance data at AGBT poster session

Two Birds with One Stone - Novel Unified Target Sequencing Enabling Methylation and Genomic Alteration Analysis of Cell-Free DNA Without Sample Splitting

3/2/2021 12:00-2:30pm PST
