

STROKE PREVENTION

Discussing the Facts

Presented by New Morning Star Baptist Church and Sibley Senior Association

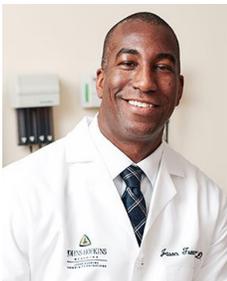

Wednesday, Nov. 17
7 to 8 p.m.

FREE ZOOM EVENT

Join us for a discussion on healthy living and stroke prevention. There are many ways the average person can actively prevent stroke, which is the number five cause of death and a leading cause of disability in the United States. Jason Freeman, M.D., a board-certified neurologist and stroke specialist, will help us identify the best ways to protect our brain and vascular health by preventing stroke. An interactive Q&A session will enable participants to be engaged and informed.

WELCOME AND PROGRAM INTRODUCTION: Reverend Dr. Donald K. Sadler, pastor of New Morning Star Baptist Church

SPEAKER INTRODUCTION: Marti Brown Bailey, B.S., C.S.A., C.D.P., C.A.D.D.C.T., director of the Sibley Senior Association and Community Health, Sibley Memorial Hospital

GUEST SPEAKER: Jason Freeman, M.D., is a board-certified neurologist and stroke specialist with expertise in neuro-imaging and acute inpatient stroke care. From 2012 to 2020 he served as the medical director of the Johns Hopkins Medicine Stroke Program at Sibley Memorial Hospital where he helped lead Sibley to The Joint Commission certification as a primary stroke center. The program was awarded by the Get With the Guidelines[®]- Stroke program from the American Heart Association/American Stroke Association numerous times and established a patient support program and stroke follow-up clinic.

Dr. Freeman received his undergraduate degree in neuroscience from Brandeis University, medical degree from Georgetown University School of Medicine and executive master of business administration degree from the Brandeis University Heller School. He currently serves as a trustee for the Sibley Memorial Hospital Foundation and works as a medical director for Novartis Pharmaceuticals.
