

# ***The Scoop – August 2022***

*From the Desk of Pastor Sadler*

“Rocking Rampage” is the theme for our Vacation Bible School. This theme symbolized how life’s challenges can be both rocking and full of rampage. There are many ups and downs and twist and turns we experience in life similar to those during visits to an amusement park. Even though in life we have many challenges, through all of them, God has proven faithful.

This year as we embrace the heat, happiness, family, travel, and vacations please remember that whether you are rocking with excitement like riding a roller coaster or Ferris wheel, or are simply on the ground filled with laughter, trust God through all of your ups and downs.

The theme verse for this summer’s Vacation Bible School is Psalm 20:7 and it speaks to the steadfastness that we enjoy when we trust in God.

**“Some trust in chariots, and some in horses: but we will remember the name of the Lord our God.”** Psalm 20:7 (KJV).

## ***Vacation Bible School Schedule***

**Care Partners Support Group Schedule**  
August 3, 2022 @ 1 pm & August 17, 2022 @ 1 pm

## August Health Corner

### August is National Immunization Awareness Month (NIAM)

This annual observance highlights the importance of getting recommended vaccines throughout your life. We know the COVID-19 pandemic has impacted all aspects of life, including your ability to attend important appointments and receive routine vaccinations.

During NIAM, we encourage you to talk to your doctor, nurse, or healthcare provider to ensure you and your families are protected against serious diseases by getting caught up on routine vaccination. There are many debates around the safety of many of the vaccinations available; however, governments across the world, acting upon the advice of leading scientists and medical professionals, overwhelmingly support immunizations.

#### 4 Reasons to Get Immunized:

- Vaccines protect against serious diseases.
- Diseases controlled by immunizations still exist, and outbreaks do occur.
- Vaccines are recommended throughout our lives.
- Vaccines are very safe.

You can find a list of recommended immunization for children from birth through 18-year-old and adults by visiting the CDC website: <https://www.cdc.gov/vaccines/schedules/easy-to-read/child-easyread.html>

Let's protect ourselves and others by getting our recommended vaccines! I am available for questions and assistance.
