Message
Good morning, Mrs. Chapman, I hope you are doing well. I am writing to you in your capacity as the owner of this website, as you have previously acknowledged. Please consider this a formal request to remove any and all images, references, or other content depicting or relating to Northern Terrace from your website. As you have no affiliation with Northern Terrace, the continued use of such imagery may create a misleading impression of association or endorsement. Accordingly, I request that all Northern Terrace imagery and related content be removed from your website by 6:00 p.m. today. Doing so would be considered a sign of good faith and a willingness to address this matter cooperatively and without the need for further action. Please also note that, moving forward, all legal correspondence, including this matter and matters relating to the reimbursement of legal fees incurred by the Providence Association in defending NRED claims related to your website, will be directed to you personally as the website owner. If you have any questions regarding this request, please let me know. Thank you for your prompt attention to this matter. Sincerely, James Klosty
