To Whom It May Concern:

Capitol Professional Services has performed as our professional cleaning service partner since October of 2014, when we relocated to the above address in Houston, Texas.

From the beginning, the Capitol staff has been exceptionally helpful in determining our cleaning needs and is on top of communicating any supplies that are needed before we run out. They have performed their services in a professional manner and we have never had any complaints about their work.

We feel like the Capitol staff has total integrity and are very trustworthy. We would highly recommend them!

Sincerely,

Mary Jopplin
Administrator
