## A BRIEF HISTORY:

Rusty and Juanita Risch established Risch's Jewelers in 1977. His experience in watch, clock, and jewelry repair from apprenticing under several jewelers was instrumental in the success of his business. Because of his honest and sincere reputation & experience he was asked to become an instructor. Begun in June 1995, Risch's Watch, Clock, and Jewelry Repair School is licensed by the State of California and offers many accelerated courses.

**ONE-DAY SEMINARS**

Don't have time during your busy week? We have short seminar courses available from 1:00 p.m. to 5:00 p.m. on selected Saturdays year round. Courses include bead-stringing, wire-wrapping, basic soldering, lapidary, and casting. The cost of each course is \$95.00, except for casting, which is \$125.00 (due to higher material costs). Each student will receive a certificate of completion, a finished product, and the tools provided to you to complete the project. Please register with us at least 5 days before each seminar for ordering of tools and materials. Lapidary and casting courses have a \$25.00 non-refundable deposit. Please contact us for more information and to register.
