

# Embroidery Fonts

The table below includes all fonts that are standard with your **EmbroideryStudio**. Categories include:

- ◀ 3D fonts
- ◀ Appliqué fonts
- ◀ Bling fonts
- ◀ Block fonts
- ◀ Chenille fonts
- ◀ Fancy fonts
- ◀ Monogram fonts
- ◀ Outline fonts
- ◀ Script fonts
- ◀ Serif fonts
- ◀ Small fonts
- ◀ Small run fonts
- ◀ Special fonts
- ◀ Two-color fonts

Non-Roman character fonts include:

- ◀ Cyrillic fonts
- ◀ Hebrew fonts
- ◀ Japanese fonts

### Minimum and maximum sizes

For best results when stitching, do not exceed the recommended maximum or minimum sizes. Note, however, that recommended maximum and minimum heights refer to UPPER CASE letters. Most embroidery fonts are digitized from an original TrueType Font (TTF), some of which have lower-case letters – e.g. ‘a’ and ‘c’ – which are about 70% the height of a capital letter. As a result, these letters may be too small to embroider neatly. You may need to increase the size of the lower-case characters to suit the embroidery.

## TrueType Font

# Embroidery Letters

### Special characters

You can create special characters in each font by holding down the **Alt** key on your keyboard and typing **0** (zero), its code, using the numbers on the keypad.

For example, to type **ê** with the code **234**, type **Alt+0234**. The accented letter will appear when you release the **Alt** key. See also [Adding special characters](#).

**Note** Not **all** characters are available in **all** fonts.

### Join method

The lettering stitch method is preset to give the best results for each font. Options include:

| Join            | Purpose   |
|-----------------|---|
| Bottom join BJ  | Letters are joined along the baseline. Use it when stitching on towelling – joins are hidden in the pile.                                   |
| Closest join CJ | Letters are joined at the closest point. Use it to minimize trims.  |
| As digitized AD | Letters are joined the same way they were originally digitized. Use it with fonts combining different fill stitch types or special effects. |

## Roman fonts

| Font            | Sample                                      | Recommended Sizes |    |     |    | Stitch Method |
