Student Appreciation Letters

Our students have been feeling very grateful for the support you are providing. Here are some of their recent expressions of gratitude.

Dear UGSF,
As I pen this letter, my heart is filled with immense gratitude and appreciation for the incredible support and guidance you have provided me throughout my academic journey. Your dedication, expertise, and encouragement have been instrumental in helping me achieve my dream of earning a Bachelor's degree in Business Administration, specializing in Accounting.

From the moment I stepped into the this foundation, UGSF has been a constant source of support, providing me with the necessary tools and resources to excel in my studies. Your encouragement has been a driving force, pushing me to strive for excellence and reach my full potential.
- Hajara N

Thank You

Dear UGSF,
Your presence in my life has not allowed the situation back home to limit my dreams and future. You are a pillar in my life and have seen me through the four years of my ordinary level of secondary (s1 - s4), advanced level of secondary (s5 - s6) and now my degree level and Kyambogo university which is one of the most known and best universities in Uganda, its really a great honour to have people with big hearts and are also intentional in providing the very best for me, every time I think of who you are to me and think of the various things you have sacrificed for my sake, I burst into deep cries. All that you are to me has been and is an action of greater love I could ever need and pray for.

As always, 100% of your donation will go directly to providing a girl with tuition support. Our limited administrative costs include banking charges, wire transfers, long distance calls, as well as a small stipend to our Ugandan liaison Paul Mulondo. These costs are covered by donors who have designated their donation for UGSF administration costs
