HOME TASTINGS

Oinos Wine Services has a team of qualified, recognized wine professionals who facilitate fun and easy to understand home tasting experiences.

All classes take a minimum of around 1.5 hours and are designed to help you and your guests identify and articulate what you smell and taste. We'll teach you about the main regions and styles and give you tips that you can easily apply the next time you're in a wine shop or restaurant. We encourage interaction and are available to answer questions during the tasting.

Whether you're beginners looking for a **fun new experience** or experienced tasters looking for a **deeper understanding**, we have the perfect package for you and your guests.
