## ABOUT US

From a humble beginning in 2009 in the name of Newton AC Systems Cont as an Air Conditioning Systems & Projects Contractor Company, Newton went strength to strength to become one of the market leaders in the field of Heating, Ventilation, Air conditioning & Refrigeration Spare Parts. Under the mercurial leadership & progressive vision of Mr. Walid Fakhreddine, the founder of Newton AC, the business led to a remarkable growth passage in a short span of seven years. By the year 2024, company had firmly established enormous trading services within the domain of air conditioning, refrigeration & home appliances.
