

Australian Timber Oil

Best for enhancing natural wood character

- Shows the most wood texture and grain
- Rich color and dimension
- Premium blend of 3 oils for maximum penetration, color depth and water repellency

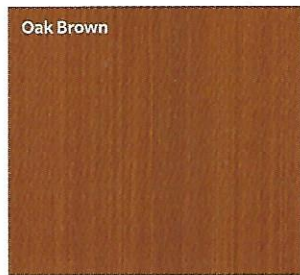

Product label will vary depending upon your location.

Wood-Toned Stain

Best for new or reconditioned wood

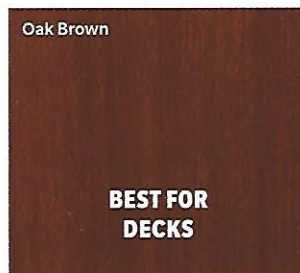

- Shows the most wood texture and grain
- Hint of natural color
- Resin and oil formula waterproofs and slowly weathers over time for easy re-coating

Semi-Transparent Stains

Best for adding color to wood in good condition

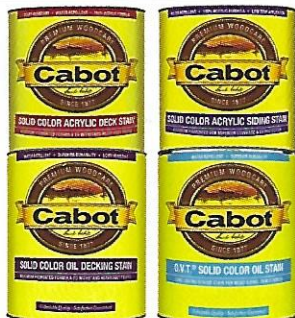

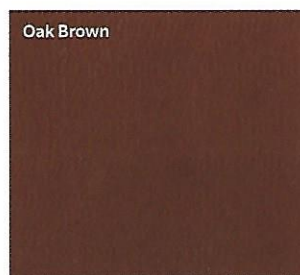

- Shows some wood texture and grain
- A wide choice of colors
- Provides beautiful and durable weather protection

Semi-Solid Stains

Best for decks, high-traffic areas and siding

- Covers wood grain
- Beautiful color
- Scuff-resistant protection on high-traffic areas
- Waterproofs and resists fading and peeling

Solid Stains

Best for worn, weathered or previously coated wood

- Maximum wood grain coverage
- Maximum color
- Maximum UV protection and durability
- Longest-lasting, full-coverage protection
