### Children In The Playground

*Children In The Playground* is a musical that tells the story of an upwardly mobile African American family that loses the mother in result of the 9/11 tragedies. This journey magically unfolds on the paths that a father takes to realize that it's more than his financial presence in his son's life to restore family balance and the son's journey to realize that only his father's love can make his life complete. These are both achieved by a mysterious meeting in the mystical playground.
